Thread: [\[FREE\] Giveaway Pack | Programs, E-Books, and more!](#)

Kicking - December 9, 2018, 5:36 pm

Hey guys, I have put all of my free items into a pack and I will give it away to anyone who wants everything free that I give out.

The reason I am giving away things I have bought ownership to is because I feel like people should not have to pay for simple programs or E-Books that are not worth loads of cash that people ask for.

I have one goal in doing this, stop over priced sales and drop as many E-Books sales as I can! People do not deserve to get lured into buying E-Books as they are not worth the price that people charge for them!

What this pack will include;

1. E-Books I have bought ownership to and am giving away for free
2. Programs I have bought ownership to and am giving away for free
3. Everything else I am giving away for free

Just post or PM me for this and I will get you the download link as soon as I can.

(PS. I can not vouch if these methods and programs still work as I have purchased them over a year ago)

The reason I am giving away things I have bought ownership to is because I feel like people should not have to pay for simple programs or E-Books that are not worth loads of cash that people ask for.

I have one goal in doing this, stop over priced sales and drop as many E-Books sales as I can! People do not deserve to get lured into buying E-Books as they are not worth the price that people charge for them!

What this pack will include;

1. E-Books I have bought ownership to and am giving away for free
2. Programs I have bought ownership to and am giving away for free
3. Everything else I am giving away for free

Just post or PM me for this and I will get you the download link as soon as I can.

(PS. I can not vouch if these methods and programs still work as I have purchased them over a year ago)

Could I please get this?

Thanks!
