Bumping up.

My review:

I'm pretty damn cute, and this content has made me roughly 40-50k since December 2016. (This is all recent content in the pack though). I can upload some income proof tomorrow.

First of all , sorry for the late review.

Here's my review.

The pack is quite okay for the price includes partial necessary verifications. Its all organized. Well medium-sized pack for me.

But you could pay extra for the custom verifications part. Total of 27 verification pictures in the pack. I recommend you to buy this along with customized request to add on fully to the pack and use it to its full potential along with nudes and stuff. So far average size pack with necessary verifications.

I give this 7/10.
