Thread: [SoundCloud MyCode](#)

**Omniscient** - December 17, 2018, 11:19 am

Original thread about the MyCode:

<https://hackforums.net/showthread.php?tid=2314883>

It's been disabled the past couple years due to changes from SC but they are now resolved and the MyCode will again.

Example code:

Code [soundcloud]<http://www.soundcloud.com/teamvisionary/logic-under-pressure>[/soundcloud]  
That will produce:

Enjoy and thanks.

That's cool.

Thanks for bringing it back :)

**Makaveli The Don** - December 17, 2018, 11:23 am

Finally back. I remember using it a lot back in the day.

Can't wait for the major influx of SoundCloud rappers to flood the forums! This is actually pretty neat, would there be a chance of Spotify having a MyCode?

**Angel** - December 17, 2018, 1:40 pm

Awesome! thanks chief ?

**Who Soup** - December 17, 2018, 1:42 pm

Happy to see this back, there's some really talented musicians here that should be able to take advantage of this :)

**Quiver** - December 17, 2018, 2:28 pm

Awesome! This will be super useful in [Music](#)
