Hello looking to get this sold asap.

Looking to get around .82 for the hole lot.

Looking to get this sold in one go, not going first.

I'd preffer taking paypal payments.

Thanks.

why do you think you as small little 20\$ user can say you won't go first.

Back in the day, being below 10 deals and 0 vouches wouldn't make you say "I won't go first"

Perhaps you should leave it out and just plain say, we can discuss who goes first.

Unless you are onto scammin, accepting bitcoins and going first is a better system.

You accept paypal and therefore could get charged back.

You are better off getting BTC and being able to exchange with some good boys on here.

A lot of people prefer legit business on here, no shady things.

EVERYONE - Take a read on THIS THREAD (

<https://hackforums.net/showthread.php?tid=5919164&pid=58026062#pid58026062> )

After OP was called out a bunch, he made a new thread hoping people don't notice.

DWC - OP lies about pretending to want a staff as a MM - He doesn't want to go first to anyone. I highly advice everyone to make sure there is a trusted MM between this deal (most likely will never happen since OP pretends he wants a MM for a bit, then adds you to ignore list or ignores you).

Don't be an idiot and use a MM.

You never did want to sell in the first place. Wanna rewind to when I first messaged you - both of us didn't know each other. You asked how much I had and I gave you an approx. You said you wanted to buy 750M, and sent me a contract and said okay trade this acc, etc...Like right away not even considering the fact that I wouldn't go first to someone who has no deals done.

1. I told you that I didn't want to go first...I changed the amount to 100M
2. I suggested MM that we can use, and you said that you only want to use Vitani.
3. You then told me how you sent him a message asking him to MM a deal between you and I.
4. I saw Vitani online for a little bit, so I sent you a message asking if he responded.
5. You said not yet, and you are still waiting for him to respond.
6. I felt like you were already very suspicious, so I went ahead and sent Vitani a message, and he said that you NEVER messaged him.
7. I messaged you, and asked you why you lied about contacting him. I also asked Vitani myself if he can MM this deal, and he said yea sure.
8. You said that you would ONLY use Vitani as the MM cuz he was staff, when he was ready, you stopped responding to any of my messages.
9. I contacted you many times after, since you were buying at a good rate of 0\$.87/M via BTC, and I really wanted to get this deal done.
10. Others have posted saying they all hid similar situations that when they bring up a MM, you stop responding.
11. After I made a post on a thread saying the DWC, you started posting on new threads hoping the old one dies away. But I just posted the same DWC on all your new threads so I make sure everyone is aware of what happened before dealing with you.

Now, please explain to me how I am a moron? Because I genially wanted to get the deal done? I went out of my way to try getting a bunch of MM..and you said that you would only allow staff to be the MM of the deal. And when the time came, you stopped responding to me, and added me to your ignore list.

Do you see how this looks from my point of view? That's why I am calling you shady...I've been selling gold on HF for over a year and I see the in's and out's of what goes down.

Why did you lie about contacting vitani? Also when Vitani was ready, why did you stop responding an add me to your ignore list?

You don't want to deal with me after I mentioned MM. You were so quick to send me a contract before...What changed?

Nonetheless, I just wanted to raise awareness on the situation that you expect people to go first and you don't actually wanna use a trusted MM. That's all. Peace!
