Thread: [Method >> FREE PHONE NUMBER FOR ANYTHING](#)

Vanilla - December 20, 2018, 2:25 pm

Hello HF,

The method is as follows.

- 1) Go to <https://www.twilio.com/>
- 2) Create an account with any email, they do not verify. Use a Google Voice number if they ask for SMS verification. If you are wondering why use this if I already have Google Voice, well sometimes you may use your Google Voice number too much on certain sites and this is a way to get a new number.
- 3) You will then want to create a new application.
- 4) Click claim a number.
- 5) Pick a number, it will say that it costs but it does not.
- 6) Go to the number settings and hit message logs to see the SMS.

That is it, if this helped, please feel free to leave me some rep.
Thanks!
