Thread: [## Hacking Apprentice | Free Mentoring ##](#)

sh4moon - December 21, 2018, 11:40 am

I'm looking for an apprentice to pass my knowledge along to. There's no cost for this. This is a long term thing so if you're not serious about it then you are wasting your time. I'll interview applicants and make my decision based on that. Post on the thread and then PM me and we'll work out the interview.

.fury - December 21, 2018, 12:47 pm

What will we learn with your mentoring?

sh4moon - December 21, 2018, 12:52 pm

I specialize in networks. Servers, client side attacks, that kind of thing. I know some web application hacking, malware, wireless (WiFi), doxxing.

Soul - December 21, 2018, 7:03 pm

I'm interested.

Sent you a private message.

Asoc?al - December 21, 2018, 7:54 pm

im interested.

any requirements?

you have to have used a computer. and also I can't hate you. the last one isn't likely to be a problem, I like most people lol

Gluteus Maximus - December 21, 2018, 10:37 pm

I'm extremely interested. I'll PM you now!

StreetSquirrel - December 22, 2018, 3:15 pm

Interested, just sent a pm

Ekta123 - December 23, 2018, 12:21 am

Interested about to pm you!

.TheMarv - December 23, 2018, 8:53 pm

Sent you a pm, sounds promising
