Skarniqo - December 21, 2018, 4:19 pm

what about "The Devils Prince"

Athr - December 21, 2018, 4:21 pm

Amazing. You can add a red glow to the eyes for extra spooky.

Bacardi Cola Lime - December 22, 2018, 8:56 am

You certainly have talent. Nice though on the design and I like the colouring in general. Only thing that seems kinda odd to me is the crown's shadowy lines. It makes the crown look off.

Nice work! Love seeing Graphic work :)

eGod - December 22, 2018, 8:59 am

Great design.

I would personally like myself if the eyes of it didn't look so friendly.
