Sign up to Voyager using this link and me and you will both get \$25 in BTC. No bullshit. I'll send you bytes as well.

<https://www.investvoyager.com/> is the full website if you want to check

Available only to US customers and you probably can only use it on their site which hasn't even launched yet.

Yeah that's true, but the BTC will be deposited once it does go live. Only takes 20 seconds to sign up so you're not losing much

Sadly, for now it's only for US residents
