Proof:

Hired Sith™ to do some OffSite SEO for my website Proxies24.com, after payment he asked me some keywords blabla after 1-2 weeks he stopped responding my questions.

I even did my own SEO that affected the website on a good way when he did nothing.

1. Pm that I sent that obviously he readed because I contacted his friend that made him know that I wanted a service get rendered and I made him know of his mistakes.

2. After the payment, 1 week or so he contacts me and tells me he did like 300 backlinks, blatant bullshit, 0 traffic was coming organic and all the traffic was coming from my own.

<https://gyazo.com/53d78dd9359e3750ead7e623dcec4b2d> (my traffic at that time).

3. Him on Skype ignoring me: <https://gyazo.com/335a34decbbb904203541f00f7ca7347>

4. Last time contact with him on Discord: <https://gyazo.com/4b383e945aa58f86bacca33c85b0f87a>

What I want from this? Him stopping his services here and proving me that he actually did something or a refund.

Edit: I ordered from him Silver Package with a 50% discount. He hasn't sent like anything, just some shitty backlinks that you can search on moz / ahrefs that are fucking shitty.

He scammed me as well. <https://hackforums.net/showthread.php?tid=5922412>

All I've noticed is the bottled (fake) website traffic that he sent to my website that he said was from social medias.

This is his second report in one week. Hopefully he replies and puts some light to the case.
