?Apocalypse - December 26, 2018, 6:12 pm

I received a vouch copy and will be leaving a review soon.

So far this looks like an easy way to get AGCs.

Money- - December 26, 2018, 6:17 pm

I have received a vouch copy from the owner.

Ebook is only 10 pages long. Well pretty much quite a short method though. I seen this type of method before. But I don't know if you guys heard of the site in the Ebook itself. But I know there are plenty of sites like that. Well just buy this book for the site if you already knew this method.

Does require a tiny bit of setup that's all. It can be rinsed and repeated. I might test this out with a RDP if I have time. Thank you for the vouch copy!

If you have 15 sales, how come nobody has vouched for this method, apart from the two you gave it to?

Edit: Only one of the vouchers actually left a real review/vouch.

I've seen the method and has nothing to do with that.

I did the first with no problem, but then the next 3 missed something and figured it today.

AnneSang - January 4, 2019, 2:33 am

Product does not exist lol

Fours4 - January 5, 2019, 5:53 pm

Price raised now to \$87. Still working.

?Apocalypse - January 5, 2019, 7:47 pm

I was the first to receive a vouch copy for an honest review, so here it goes:

You'll receive a PDF with 10 pages that you can read thru in a couple of minutes with a detailed explanation of the method.

I haven't seen this method sold here before, but there are similar not as easy as this one.

I can say that this is the only method that I was able to easily get Amazon gift cards (first one was a \$10.00 Visa VCC) you need to be a little bit creative and spend some time on the first try, after that you'll be spending fewer minutes, like me that only takes me 5 minutes for completion, you can repeat as many times as you want, but may need a minimal investment or know a way around (maybe OP can help with this).

I don't see this being saturated soon but with increasing usage who knows.

Here are some gift cards I've received:

Proof 1 ([Click to View](#))

Proof 2 ([Click to View](#))

Proof 3 ([Click to View](#))

B FOR BADASS - *January 5, 2019, 11:10 pm*
