Thread: [\\$969 in One Day - eWhore Earnings](#)

Cryptod - December 29, 2018, 12:40 am

Hello Guys,

I usually average \$300-\$600 a day ewhoring and I'm only 20 years old making a killing... (even if it is selling to creepy dudes).

Fuck it... Money's green no matter how you get it :)

My goal for today is \$1000.

During today, I didn't ewhore all day.

I started this around end of 6 am.

I ewhored from 6am to about 10 am.

I took a nap because I literally didn't sleep the day before.

I woke up around 1pmish got lunch went straight to ewhoring.

Stopped at like 8pm took another 4 hour nap and caked up.

I use a private traffic method and I use snapchat for anyone who was curious.

I just switched to Snapchat from kik a week ago and have made over \$7,000 since then.

Snapchat is 10x easier than kik and if you just figure out what works for you you can make some serious cash.

Also willing to help people for free. Feel welcomed to message me with any questions!
