Thread: [How long do PayPal Transfers take?](#)

Ariaa - December 29, 2018, 8:20 am

So if I add money to my account from my bank, how long does that typically take to reflect/ be usable?

isu - December 29, 2018, 2:03 pm

So you are sending the money using a bank transfer? Or some payment gateway?

PerfectStorm - December 29, 2018, 2:07 pm

I would think it would be instantly available.

Cyam - December 29, 2018, 2:17 pm

And if you're withdrawing, depending on your bank and some other factors it should be available within few days in most cases.

The option to add money to my PayPal Balance from my bank

isu - December 29, 2018, 2:24 pm

If it was from a payment gateway, it should arrive instantly.

When I transfer cash from my bank to my PayPal balance it's instant. But if withdraw my PayPal balance to my bank it could take 2-3 hours.

spken0903 - December 30, 2018, 12:51 am

the day/days they show you plus 72hours if you are new at paypal, doesn't count Saturday and sunday
