Thread: [Pearson Edexcel Online](#)

Hi

I'm in need of a Pearson Edexcel Online login to access various mark schemes and homework papers. I cannot get hold of these otherwise.

If you have one, please could you email it? It would be of great help and would be much appreciated.

Thank You!

Any idea what specifically this does? Did a preliminary Google search and couldn't find anything.

gives access to edexcel locked content like this year's exam past papers etc.

So it's like Blackboard? If so, nobody is going to have anything available that accesses any school's info unless you find someone that has credentials for your specific school
