Thread: [Long lasting FUD crypting service](#)

Miner.contract - December 30, 2018, 11:14 am

Hello,

3\$ per crypt any malware.

that all.

CheckMyNuts - December 31, 2018, 10:55 pm

Can you post the scan of your file? You need some proofs to get buyers

Miner.contract - January 12, 2019, 3:42 am

trust me it fud..

But wath scanner should i use?

But wath scanner should i use?

You should use run4me or dyncheck, also scanmybin.net for scantime detection that's the only 3.

Miner.contract - January 12, 2019, 7:35 am

run4me got 30 minute updating database

dyncheck dont work

So give me 30 minute

dyncheck dont work

So give me 30 minute

And i need a token, so if you guy have any scanner that not disturb im ok

aslo vouch coming soon ?

scantime atm

Miner.contract - February 19, 2019, 4:30 am

bump, service still available and FUD

smau - February 21, 2019, 3:16 am

Rilevamento

10 /23 you do not believe too much

Miner.contract - February 24, 2019, 6:24 am

it 1/23 ATM SIR so LET TRY
