Thread: [<< ULTIMATE TWITCH SHOP | BUY SUBS | BUY METHOD >>](#)

Benjamin - December 30, 2018, 12:13 pm

Hello HF!

I have been on the search to finding something I can offer the community to make a bit of money. I noticed there is a demand of twitch subs but some users are selling it for a high price. I will be making twitch subs manually with different proxies and be selling them to you guys!

Prices: 0.60 Each sub

Contact: live:avoidspice

I will try to keep the orders small atm because it does take a while to create them.

If you are also interested in finding out how I create them, I will be selling the method as well. Pm if interested

Goku???? - December 30, 2018, 12:31 pm

Do you have any vouch copies? I'll gladly take a vouch for a review.

Shamblez - December 30, 2018, 12:37 pm

I would like to try a vouch as well, and are they high quality subs or just random generated

Juicy - December 30, 2018, 1:56 pm

I'm interested, hit me with a message

Timely delivery and great prices. Thank you. ?

Benjamin - December 30, 2018, 5:47 pm

I have gone ahead and responded to messages. I will be providing vouch copies shortly.

All other sub sellers just got recently banned for Carding.

Hope this doesn't happen to you. There's still methods out there that don't involve carding.

I assume you have limited subs you can deliver per month? If so, how many?
I might be interested in purchasing some.

ImTen - December 30, 2018, 8:30 pm

Yes I am aware some users carded tier 3 subs but that is not the case here.

Also I will be able to pump out subs shortly. Will message you the exact amount soon.

Question! Is there any risk of me getting banned etc, or the money being refunded/withdrawn from my account?

Asking for a friend.

Asking for a friend.

Yes there is a chance of your subs dropping which results in less money. If you do it correctly then lesser chance.
