Thread: [\[PAYPAL\] my main PayPal got limited Help!](#)

Blackora - January 2, 2019, 7:10 pm

My main PayPal got permanently limited with my ewhore PayPal. On the main PayPal I have my bank info linked. What can they do with my bank info are the cops gonna come for me? Scared xD

Blogger - January 2, 2019, 7:48 pm

The cops aren't going to come for you. What did you do with the ewhore PayPal and why did you link the two?

Blackora - January 2, 2019, 7:49 pm

To transfer the funds to my bank ahah

You just violated their terms of service, nothing to do with the police.

Blogger - January 2, 2019, 8:01 pm

You didn't use a VPN or something? Come on, man.

I was too lazy xS

Blogger - January 2, 2019, 8:07 pm

That laziness is what got you limited. But their "permanent" is not usually permanent. You can show them your ID for both accounts and you'll get unlimited. Of course, you'll need to create ID for the ewhore on.

Using a VPN when logging in to Paypal is still dangerous. Seen many guys even on this forum get instantly limited for using a VPN

Depends on how you set it up, a lot goes into setting up correctly, then everything works fine...

Call paypal's line and SE your way out of it. It's not hard at all.

Only people who could possibly come after you is the IRS looking for tax money, if you're in the U.S.
- They started doing that with real girls selling premium snapchats. Very doubtful though, because I don't think PayPal notifies the IRS of your account unless you've received over 20k to it or have

received over 200 payments over the course of a year.

Arenite - February 10, 2019, 7:24 am

Wondering if anyone here could help with withdrawing funds from a blocked Paypal, have around \$30 sitting in there and not looking to wait 100 days

thottly - February 10, 2020, 1:39 am

PayPal withdrew the \$1,000 that was in my account after the 180 day ban.. WHAT THE FRICK. It says -\$1,000 for acceptable use violations, funny thing is, that account wasn't even for ewhoring and had done over 30k in sales in just 3 months, no disputes, no chargebacks, nothing ever happened..
