Frequently Asked Questions:

Q: I'm under 18, can I still use this method?

A: Yes, you can use this method even if you're 12.

Q: What are requirements for this?

A: PC/smartphone and internet connection. Everything else is provided upon purchasing.

Q: How long until I get the first payment/gift card?

A: An hour or so max, maybe a bit sooner/later. Within 12-24 hours for sure.

Q: Can I repeat this method?

A: Yes, you can repeat it unlimited times, hence the title says "Unlimited Amazon Gift Cards"

Q: Does this have anything to do with eWhoring, CPA, PPD, illegal activities, selling products, talking to people, affiliate marketing, cryptocurrency exchange, Paxful, scamming, social engineering or any other low-quality methods?

A: No, this has nothing to do with these.

Q: Does this work worldwide?

A: Yes.

Q: Why are you selling this if it works? ?

A: We are selling a limited amount of copies (20) to avoid saturation. This can only get saturated if 10,000+ people use it, which is not going to happen any time soon.

Q: Do you offer refunds?

A: Yes. If the method stops working within five (5) days of purchasing, you will get a full refund (\$100).

So I got my hands ahold of this method and overall I would say it is fairly simple and pretty nice. Yes, you have to do some manual labor but if you have some common sense it shouldn't be too hard...

If you grind it out, you can make \$100-200+ in a day easily I'd say. Just takes time which is the part most of us do not want to put into it. Also throwing on top that this can be done over and over again so however much time you want to put into it is how much you are able to make.

Nice method though, GLWS ?

Is this cracking giftcards with sentry or other tools in that range?

Or is this getting free giftcard dumps from leak forums and then check which are still valid with a checker?

Yes, you need to 'work' for 3 hours. You don't have to do the same thing for 3 hours but you also can't browse the internet, watch TV and get AGC. You can work on something else then come back and to the method then work on something else again, etc.

Also, you can do this in less than 3 hours. I got \$15 AGC for around 30 minutes of 'work'.

Hopefully that helps. Thanks!

Review on the Unlimited Amazon Gift Cards Method

So I got my hands ahold of this method and overall I would say it is fairly simple and pretty nice. Yes, you have to do some manual labor but if you have some common sense it shouldn't be too hard...

If you grind it out, you can make \$100-200+ in a day easily I'd say. Just takes time which is the part most of us do not want to put into it. Also throwing on top that this can be done over and over again so however much time you want to put into it is how much you are able to make.

Nice method though, GLWS ?

"If you grind it out, you can make \$100-200+ in a day easily I'd say. Just takes time which is the part most of us do not want to put into it. Also throwing on top that this can be done over and over again so however much time you want to put into it is how much you are able to make."

Greetings,

One of the original vouch copy that you gave out - the dude just poofed. Whatever happened to him?

(Besides, I am looking forward to the contracted customers review - if they are kind enough to leave a review that is).

Also, if only Theo would review this. Would have been great. But overall looks interesting. I had 1-2 questions, may I add you on Skype later to discuss and talk?

Regards, Wolf ?

Find an old used agc or search on internet (eBay, Facebook etcm.), take note of the last 4 digits of the card.

Call Amazon support and do some social engineering.
Profit.

Dont tell me it's this shit being sold.

Regards, Wolf ?User wanted a refund (and he got one). One member who purchased yesterday posted a review after he understood the method and received necessary help.

This isn't going to be a 'long term' ebook/method (after we sell 20 copies, I'll close this thread) so I do not need Theo's review. And if anyone has any doubts, simply don't purchase this.

Bladdy requested a refund before he even received a method, and I sent him his money back. As I said before, it's 100% legal.

like you promise Yes, we do offer 100% refund if the method stops working within 5 days of purchasing. Due to your limited understanding of English language, you didn't even try the method.

You can't just get a refund because you're not interested in the method anymore. Why did you purchase it in the first place? My partner Marcus was more than helpful to you, both in English and your local language.

As for the chargeback, it's up to PayPal now.

For everyone else that purchase, new update is coming up on Monday (you probably received a message on Skype regarding that).

EDIT: What did I promise? You sent 34 messages on Skype & PM to me because you couldn't wait 10 minutes for someone to get online and help you out. What do you think, that people need to be online 24/7 just to reply within 10 seconds on you sending a message?

When you say it will take you 48 hours to make \$100, you are telling something along the lines of a lie. I say this because you clearly stated you will be able to make your money back first day. so unless you are selling this for \$50 I am not understanding. I have tried to message you on skype and you responded once with a hello and no answers to any of the questions. I was interested in this but it seems this might be one of those get paid for reviews mind of methods which do not always give you a gift card and are limited stock. Is that what this is? Are you getting these for doing reviews on products or some sort of surveys? Also You said it takes you 30-45 minutes of work to get your first gift card. How much is on the gift card? I am assuming its more than \$5-\$10 or it just would not be worth it if its not 100% giving you a gift card every time you do the method. I would like you to answer these questions on here so everyone can see the response please. I am sure others would like to know this as well. As per OP: "** You should earn your money back within 48 hours of purchasing & executing this." Within.

As I said before, please add Skype in the OP for more information, if you're interested in

purchasing. I've said the same thing to everyone else. Read FAQ, if you want to learn more, add Skype in the main post.

Gift cards are not limited in quantity.

I did not call you a liar, I was stating you did say that you should be able to make your money back within "24" hours. But that is besides the point . I am sorry you take my words the wrong way. Let me ask you this, is this method like the g2crowd method where you have to write reviews for products to get \$10 gift cards within 48 hours after approval? And are all the attempts you do to get a card 100% giving you one? You can just PM me the answer please. To all the questions I have had so far =)

whats your skype? so I can add you

I partnered up with this user, method is his, that is why I don't want to answer any questions about this. If you have anything to ask, ask him over the Skype.

There is no need to add me on Skype, unless you're interested in one of my products, products that have MY Skype username in the OP.

If it is indeed the g2crowd method then it does work. It just doesnt pay off 100% of the time and it is indeed Limited stock on the gift cards. Also it is a public method. Just google g2crowd free gift cards method or something like that I am sure you will find it. I have messaged OP who is selling this for someone to inform him to look into it.

I don't think he would sell that public method for 100\$. If true would be funny but I doubt it.

And yes, it is a public methodThanks for your update. Be sure to send me your Skype username so I can contact Marcus and tell him to reply to your messages.

Shoutout for the member who leaked the method & opened the dispute on PayPal. Appreciate it.

There is no point in even keeping this thread open.

Thanks to "are_you_here" who posted on the thread 11 times & leaked it to multiple members. Just because you don't understand how the method works, it doesn't mean it's not working.

2 copies are left, if anyone wants to purchase, contact Marcus directly and arrange everything.

If you need help, support or you have any issues, please contact Marcus on Skype:
