Thread: [Selling Green Clover Award](#)

Mom - January 5, 2019, 9:12 pm

Selling my Green Clover award, looking for \$7 or 5k bytes (not my price, the 5k bytes are from admin I guess, originally it was 2k bytes)

Selling because I don't really use HF as much anymore, and I just thought it would better suite someone else! :)

PM me if anyone is interested!

Price lowered, had an accidental typo.

I guess 5k bytes is the amount set by Admin now.....

Honestly, I don't even know about this award selling, I just logged on one day recently and saw all of this, still taking most of this in, lol, honestly I don't even really care about selling it, but I guess I'll just sell it for 5k bytes

Also, some people earn bytes faster (like myself) and some people earn them slower, why is that?

I would totally buy this if it wasn't for the 5K bytes thing..

Reduced the price, not sure about the rules of award selling, but pretty cheap, actually. PM me for details!

Really? That's a lot of bytes, I would definitely let it go for a lot cheaper. \$7 or 2k bytes seems perfect for at least the green clover.

yeah I bought one for around 3.2k bytes going back.
