So, vouching for you. As for the method itself, looking forward to what Theo has to say about it.

I've received a copy from luci and its a very well written to the point E-Book. As for the method itself, it will require some work but there is money to be made with it. Like anything else in this world, put the time and effort in and you may reap the rewards. Ive been a member here since 2014 and just started coming back around the forums and luci's E-Books are very HQ compared to my time back then on these forums. Big vouch for luci ?

Purchased this method a minute ago.

Okay, so it turns out this method can be found on other guides (Though this one does go a bit more in detail compared to others).

It's simple and easy to understand. Very straightforward, which I like.

I personally haven't had good luck with this method (Then again, it does require a bit of work/time), but it is very profitable if you can get it going.

I can easily say vouch for this method as I know it does work, just never had good luck with this method specifically.

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Product: [\[#1\] IncomeBooster+ \[2000\\$+ MONTHLY\] \[PROFIT OR REFUND\] \[1-ON-1 GUIDANCE\]](#) by ".luci"

This eBook contains 1 method and 9 pages, wherein 7 of the pages are about the actual method itself.

The grammar and structure of this eBook are overall fine, and there are few errors.

Alright so let's talk about this method. This method is another method that is based on affiliate earnings and the like. You will be selling your service and/or making your money with an affiliate offer on a specific site, though other similar sites can also easily be used. The 7-page guide does a decent job of giving you the overall basics as well as a few spots of detailed information here and there.

There are a few decent screenshots in the eBook which may lead you to understand the entire guide a bit better. There is also a good portion of included links to the things you will need for the method.

You are shown generally where you could find potential clients as well as how you could potentially approach them initially etc.

This is where the negative points of this eBook come out though. First of all, this method is far from new, and I actually reviewed a very similar one just some weeks ago, namely the Income Masterclass by Meow. I will compare these two a bit later, but to say the least, I can indeed confirm the method is not at all original.

Another one of the issues I have is that while OP does cover how to approach this method in more overall steps rather than in detail, a lot of potential extra information is left out, which could have very much turned out helpful if included. Again, there are a few small steps where things are covered much more in detail than the others, meaning that it makes the others that are not included in the same way look much worse in comparison as well. Sure, OP does link and tell you where you can find tutorials for certain things online, but this does not mean that a lot more detail could not still have been included.

This eBook also looks much worse to me than it could have when I end up comparing it to Income Masterclass by Meow. These two eBooks are similar in price, but in comparison to Income Masterclass, this eBook feels entirely lacking when looking at them side by side. This eBook has barely half the amount of pages, much less detail, and overall less of everything when compared to Income Masterclass. Now, I am not trying to rip on OP here and say that his product is horrible, necessarily. But when faced with the other options on the market, especially with this eBook priced as it is, it is just so hard to recommend it at all, to anyone.

If OP were to halve the price, then I would be more optimistic, but at the current price point, this is

not a product I can recommend. Another detriment to this eBook as well is that it just feels like I've seen it all before. This is one of those eBooks that really doesn't bring anything new or unique to the table at all, just the same information that is already out there in many other eBooks, and this one does not do anything to make itself stand apart from all the others either.

If OP were to add a lot more detail in here, as well as providing an original, unique selling point in the way of new information or a unique twist of some sort, then I would be more optimistic. I might still want the price to be overall lower, but then I could live with it much more than currently anyhow.

Final Thoughts

If you are looking for any eBooks about marketing or in this case affiliate marketing, then frankly I have seen other much better options than this currently. While it is not horrible, it does not do anything else but jump into the middle of the pack with all the others of the same category.

Hi I am interested in purchasing a copy today. I would like to see more proof and also a reload of the page.

Also another question is why in your TOS do you say you must wait 60 days for a refund? If a member tries the method and can't earn shouldn't he be refunded? The only time that would make sense is if it actually takes 60 days to earn, so is that the case? Last time I seen a method put a 60 day refund was Vyrez and he's banned now.

On the thread you also say regular paypal payouts. Will my payouts be coming weekly/monthly/yearly or will I be getting several payments each day just like your paypal proofs shows? You really seem to not be sharing alot of info. I don't want to run into another bullshit method.

This has nothing to do with Softwares, Referrals, CPC/PPC/SEO, Social Media, Shopify/AliExpress/Dropshipping/Ebay/AmazonFBA, Currency Exchanging/Trading, Scamming/Illegal Activities, Keys, Accounts, Gift Cards, VCCs, eWhoring?

Thanks for your time.

Hello, Quiet!

Thank you for your vast interest in purchasing my method.
I would be more than happy to clear up any of your doubts.
Let's start with a reload of the page. Many sellers fake their proof. However, I will be more than happy to screenshare it for you. I have recorded a short video presenting my PayPal especially for you. I urge you to do the same with your current method (<https://hackforums.net/showthread.php?tid=5928598>), because yours is also looking solid. I would also want to stay away from bullshit methods which, I hope, your one is not. I would also gladly have Theocritus review it.

[Video: <https://www.youtube.com/watch?v=Kl8wrf6Zyx4>]

You're also asking about the refund policy. It's 60 days because a customer must have time to start executing the method. I will gladly refund you when you start using the method instantly and don't earn even in a week. So far, NONE of my customers had any problems regarding this method. Everyone is satisfied. The method requires work which is worth the effort because you are providing real value to your customers. Personally, I don't believe in any get-rich-quick autopilot schemes. Such things don't work.

I would also like to know about your refund policy. I haven't found anything about it in your threads. What if a customer buys your method and is not able to earn?

Now, let's proceed to your payments question.
The payments will come to your PayPal daily. It also depends if you're going to try my bonus methods I include to each package.

About the last question, it does not contain any of the things you have mentioned.

I hope everything is covered clearly. You have ignored my question on your thread and I was also interested in your method (<https://hackforums.net/showthread.php?tid=5928598&pid=58122783#pid58122783>). You have also refused to have your eBook reviewed by Theocritus and reported his post. If you are selling a 225\$ method, not giving a review copy for the only trusted reviewer on this forum is very sketchy, not mentioning the Community Alerts against you.

Anyway, I hope you have your doubts cleared up ?

XYLA - January 12, 2019, 10:45 am

Thanks so much luci. I will be purchasing this tonight and will leave an honest review for everyone to see. Hope it's as promised!

you say so far none of you customers have had the refund issue, who even are you customers? If you're saying that you will provide the refund in even a week than why does your TOS say otherwise? (60 days). You can't just say "oh if you dont earn and you tried I will refund you even earlier" when your TOS says otherwise there is a big contradiction there. So when you say a member needs time to execute the method you're saying he needs 60 days?

Some people just buy the method and don't do anything, because they expect unlimited no-effort money faucet. That's where 60 days come from. But that won't be a problem anyway, because everyone earns with my method. I approach everyone individually and help him if they've got problems.

I am looking forward to your purchase.

Hello everyone, after some days of speaking with the author and buying the eBook, here's my earnings with 1 quick method :

[imgur. com/a/Ox7htQg](https://imgur.com/a/Ox7htQg)

That's not much money but still better than 0 :)

The blocked money is my fault, PayPal account wasn't verified (It's a new one but it's because my old one was f*cked up, don't have to redo a new account for methods)

I'm taking my time, still discovering methods and way to earn, .Luci is a nice dude and really calm to speak with, that's cool.

There's a method really well explained and detailed with all usefull link that I have to try but I will take the time to do it but the possibility of huges incomes is here !

Thank again dude !

Hi. I am interested in the guide.

1-With the \$ 10 investment, How much can I earn a day?

2-Does it have to do with adult content?

3- You can give me more information about what the work is about.

4-I am from Latin America, and my language is Spanish. To do this, do I have to answer people in English?

*(I have already bought guides with similar descriptions and they have not worked for me ... so if this does not work I will ask for a refund.)

Thank you!
