I do not use Skype. I am sending you a PM with another contact method.

3DES - January 30, 2019, 1:07 pm

Provide runtime scan from dyncheck with internet ON + 120sec wait.

I have messaged the coder about this.

williamsleo - January 30, 2019, 11:14 pm

i should have dropped it here so that all can see it. about this dyncheck with internet ON + 120sec wait.

hollymolly - January 31, 2019, 3:31 pm

Trusted seller, vouch for him!

kauf - January 31, 2019, 4:21 pm

reject message from unknown sender is active how do i contact for license?

tomas14 - January 31, 2019, 7:01 pm

Hi !

I bought your crypter check PM

SIM-3132187 - February 1, 2019, 1:13 am

New crypter, people should wait for the dyncheck runtime scan.
GLWS ?

n0\$f3ratu\$ - February 1, 2019, 2:44 am

Hello.

Is this crypter a remake of the one from 2014?

If it is then is pure shit.

There is a reason why you don't post the dyncheck runtime scan, right?

simpleme201 - February 1, 2019, 4:08 am

Runtime scan will be okay

It's a finished and remodeled version of Mango. It's a fairly new crypter. And it's no problem if people do not purchase as of now - I'm waiting on the coder to send it but he is at work.

No, it is not the same crypter. Please do not make assumptions right away.
