Moon - January 9, 2019, 1:04 pm

Hello,

I'm looking for someone from the US who can complete a task. I need to test something but since i'm not from US I can't. I'll be giving 100 Bytes or \$1 BTC when completed.

REQUIREMENTS:

- Be in the US (No VPN)
- Do it from mobile (No emulators)
- Have an active email address

I need it just for test so 1 or 2 people maximum.
