If you'd be willing, I would take a vouch copy to review your book mate.

If you have any vouch copies available, I wouldn't mind reviewing it.

I received the book from OP and can confirm that it is fully autopilot past the setup.

This method, in theory, should work well but it does take time. After you put in the appropriate amount of work to set up, all you need to do is wait and you should start making money. Setup may take more than the 5 minutes that OP says if you want to maximize your earnings but I can definitely vouch for OP. It just may be a slow method.

The proof of payment is contained in the method.

I prefer not to send it here to avoid reading the description.
