Thread: [\[CINOGEN\] Streaming Site INVITE](#)

@Pulse - January 14, 2019, 11:24 am

Hello, I'm giving away invite codes for the site known as cinogen which is a site in which you can watch movies and shows on demand. All movies and shows are updated frequently and the site is currently moving into a transition that will allow for many new features

(Will provide screenshots of CINOGEN later tonight)

PLEASE NOTE THIS IS SIMPLY AN INVITE AND DOES NOT INCLUDE THE SERVICE (\$10 a month)

How is this any different from other free websites that have all the movies?

Frequently updated, once the new UI is fully released there will be numerous great functions like starting where you left off, collections, etc. Additionally, you won't get those bogus ads every time you left click which is pretty nice. I've been using it for about 3-4 months now and it's been going well.

Can I get an invite code?

@Pulse - January 18, 2019, 2:36 pm

Invites are currently closed for the site now, if an Admin can close this thread that would be awesome
