Thread: [\[MAKE THOUSANDS OF POUNDS RISK FREE\] \[MENTORING\] \[UK ONLY\]](#)

Ice - January 15, 2019, 6:05 am

First of all I will start by saying that this can be done in other countries however I won't be offering any sort of mentorship for them and I will be sticking too UK only as I've had years of experience and now have numerous methods within the 1 method and can 100% guarantee nothing goes wrong with any UK resident that comes under my mentorship. If you are from the UK don't just completely waste this great opportunity, atleast give me a private message and ask a few questions to see if it's something that could suit you!

Requirments:

UK Resident

18+

Have some form of UK ID

I want to put it out there straight away as long as you meet these requirments there's no way this can fail, I'm so confident in the method that if you didn't make the investment to my mentoring back within 1 week I will fully refund you myself. You obviously need to do as I say.

Price:

Only £40 which is a complete steal and the payment methods I accept are bank transfer/any crypto/bytes (rates are always changing so ask me for the price)

FAQ:

Why should I buy this method?

This method is completely legal, it is also 100% tax free meaning that whether you are making £5 a day or £500 a day you will not be taxed on these earnings and it is also completely risk free, meaning I can give you a 100% guarantee you will never lose money or even go below what you put into this method in the first place.

Are any skills needed (Will I be able to do this)?

Very minimal skills are needed, pretty much the only thing that is needed to be known is how to use a keyboard and mouse and everything else I can guide you through if needed.

Would this method suit you?

Well if you like making money with very minimal effort then yes. However if you're a person that only wants too enjoy everything they do then maybe this isn't for you. I won't lie and say this is the most enjoyable thing I've ever done but I like the money that comes from it and I don't hate it by any means.

If I can make thousands why are you selling this for so cheap?

This will never effect my earnings and this method won't get saturated so there is no reason for me to make this expensive as I want this too be affordable for everyone.

Any other questions you may have feel free too send me a PM and ask away I will get back to you as soon as possible.

How much do I need to start?

I recommend £50+ so you can start growing your bank at a quicker rate however this can be done with as little as £7 starting bank but that is strongly not recommended.

Vouches:

(Jun 20, 2018 01:38 PM)WGHaven Wrote: [\[CITE\]](#) Big vouch here for the method, super easy to make your money back with this method and not difficult to do. Don't hesitate to buy!

(Sep 18, 2018 10:14 AM)LegendaryFox Wrote: [\[CITE\]](#) Okay, it has been around a week since I bought this method.

One thing I want to bring out of the box right away, Is that I started with a very low bank, £20. If you are able to set aside a bit more like 50-100(or more) then you will be experiencing a lot more profit / per match/offer as you don't need to "build your bank" and you can easily get the advertised price of 600+ per month.

I have turned £20 into around £100-105 and it's growing as we speak. Also, Zilliqa is always available to help/support any questions I might have. It's my best £40 I have ever spent. It's mind-boggling how easy this is and how the profit increases the more you have (when you have a "bank") as you will be able to do more offers in a single go

(Jan 23, 2019 04:54 AM)Godlypkz Wrote: [\[CITE\]](#) Update after 2 days
With this method I have so far made £260.53 profit (220.53 after taking away the 40 fee) putting in a few hours of work max.

Fair to say a very good money making method, vouch for OP

I already have vouches for this method so won't be giving away any more vouch copies, however as said in the thread if you don't make your £40 investment back within a week I am happy too fully refund you. Send me a PM if you wish too discuss further.

Took on a new student yesterday, he should post results in the upcoming days/weeks.

Fellini - January 16, 2019, 11:53 am

So where's the catch?

Show me the proof that you made thousands, I want gif, not an image.

Also, I want to see the source of the money you've got. Cause you can simply take a pic of some money you got other way or just deposit your cash and pretend it's the money you earned with this method lol.

So, show me the proof, source of the money and I'll buy it right away. For now, I don't believe a single thing you wrote. It's just another method with a catch that you find out about after we already pay :)

P.S If you were making thousands so easy you wouldn't be typing here with us on this forum.

I won't send you proof from my bank account, however matched betting is public knowledge that it works for thousands of pounds, if you don't believe it i'm not asking you too, but you can look elsewhere and you will find there's people making this amount of money from it. What I offer is the mentoring too get started and then how too make it a long term thing, the difference between the public methods and what I offer is I go for long term 99% of public is all short term.

If I was making thousands I wouldn't be typing in the forum? There's millionaires in this forum that visit daily and will continue too visit daily so I'm really not sure what your getting at.

Lol, please. Show me those millionaires haha. You guys are all living in some dream world of HF, thinking what people say here is true, seeing their "money". Dude please, stop lying to yourself and to the others.

Good luck with sales!

So if some enjoys being in a certain place - cafe/forum and he/she grow a business or makes millions from crypto or any other method they will automatically stop visiting said place even though they enjoy spending time there?

Your logic is mighty strong Fellini.

I like your transparency OP.

He said if I was making thousands I wouldn't be on the forum, he's either trying too sales trash or troll, either way i'm not sure if he knows thousands isn't even enough too live off for a few months.

And thank you!

Godlypkz - January 20, 2019, 8:06 am

Paid £40.

Received a book of instructions, and OP was there on discord going through what to do with me, explaining what we have to do etc.

He basically showed me step by step what to do, and in the first hour or so already made £20 profit.

This has real great potential to make quite a lot of money on the side, it is very simple and needless to say is free money lol.

~HF~ - January 23, 2019, 1:14 pm

has this got anything to do with matched betting?

Ice - January 23, 2019, 1:34 pm

(Jan 23, 2019 02:14 PM)~HF~ Wrote: [\[CITE\]](#) has this got anything to do with matched betting?

Yeah in the previous thread thing it says it there, Decided too not include it in the title in this one just because most people think it's just the typical 'bet x get y' what I offer is how too make it more long term. The starting bet x get y's is a great learning curve and extremely profitable part too though so for anyone that hasn't done it before it's great.

However what I teach is not public. Although yes matched betting is public knowledge and is also public knowledge it works.

No it's not gambling, it is betting however. In gambling you'll also have a chance too lose, with matched betting you do not.

Took on a new student a few days ago, he's already earning and seems happy with it, should have a review coming soon!

Hack Forums - March 5, 2019, 3:37 am

Bought the product a few days ago but only started using it yesterday. Have already made back the £40 and have only scratched the surface of what the method has to offer. Seller answers any questions and always responds within the hour (usually straight after). Would recommend this to anyone wanting to make easy money with minimal effort.

Most of the profits will come within the first few week however there are future options to keep earning money with low effort so definately worth a try for some extra bank.
