Thread: [Junked My Selling Thread?](#)

Cocaine - January 15, 2019, 10:47 am

No reason why, if you are going to junk a thread a real forum messages you a reason. Also I was given warning level for no reason. Post was legit in right sections. And everything. Give me feedback as to why. There was even interest in it.

This is all I got

To address all polices and violations in our Marketplace please read this entire document.

Marketplace Violations Rules List:

1. Multiple Vouching - If you continually vouch for a product or seller in the same thread it will be counted as LQP and thread bumping.

Can I sell for other members?

Yes, we allow partnerships with non-members. If you're selling for an existing member you both cannot advertise the same service or product.

Can I ask for vouch copies?

Not unless the OP (original poster) has clearly stated that vouch copies are available. This is the rule in the entire marketplace. You can't ask for them in PM either unless OP stated you can do so.

Can I give out vouch copies?

Yes you can but you must clearly state you're offering them in your first post and any stipulations like X copies or you require a PM. If no vouch copies are available we ask that you alter your OP so it reflects "no more vouch copies" or "vouches no longer required". Staff will need to know you did have vouch copies available at some point.

Can I post a Marketplace style thread anywhere I want?

No, you cannot. All Marketplace style threads must be in the Marketplace tab. Some sections also require a specific upgrade class such as Ub3r.

How do I bump my sales thread?

You don't do so with LQP and you are not allowed to post/bump/delete either. PBD is where you make a new reply in your thread, wait for another post, which bumps your thread then you delete the post. We take PBD seriously and you can be instantly banned and your sales thread closed for doing so. If you want your thread bumped you should make a quality post that positively affects your sales thread or responds to a pertinent reply to another post. Posts like "I'm online now" are not acceptable.

Which I actually did nothing close to this lol yall that bored?

"Marketplace Violation (+10 points) "

There was obviously a reason. Maybe PM Eagle 95 and ask him why he warned you instead of making a thread. He's a reasonable bloke.

Then PM Eagle 95. There WILL be a reason. What were you selling?

Don't make threads if you've PM me about it...

If you're about to sell an online account it needs to have a contract code. You didn't have that on your thread.

In order to sell accounts in Online Accounts forum as well as its subforums (Non-Free Accounts and Gamertags), you gotta display a contract on your thread. More info on how to create that can be found [here](#). You cannot sell accounts unless you display a contract in other sections, too.
