Still thinking?

Have you ever wanted to purchase a product and wondered, Is this BS really worth my money?

Have you ever wondered to yourself: if he makes money of it - why the hell he will sell it?

This guide was created to help you MAKE MONEY . and I assure 100% that you will be the one to count the cash all the way to the TOP

The power will be in your Hands!

Soon as you will establish a strong Instagram account with followers - People will start come to you instead of you going after them. The ball will be in your hands and you will have a steady cash flow if you don't fuck up your account's.

Let me tell you about myself . . .

It took me 6 Nights to organize all my methods in 1 Guide. :Working in my hotel room for almost 1 week. the only time that I got up from my laptop was to take a pee and you know the second option... I was checking to make sure that I am writing USEFUL stuff to MAKE SURE that I am not selling BS in here. Why I care? It's my nature: Provide value in exchange for money. This is my rules and this is how things work for me.

I made enough money from the methods in this eBook to build my next business : It's time for me to move on and share my knowledge in the space in order to generate new stream of income & help other people build their businesses.

Before you Buy, LISTEN.

I was like you - Seeking for legit method that will help me to generate \$ and put food on the table. I bought more than 45 eBooks, Methods and courses that were made to take my money. Don't get me wrong - I don't have a problem in investing some money just like you - But I prefer to do it in exchange for VALUE. Not bullshit. And, I am NOT a fucking fake guru / fake suit Youtuber spreading magic formula lies just for taking your money. If you made it until here. I know that you have saw many BS around youtube and titles like: 'Make 300\$ daily' "Magic Formula" Today I put the END for this nonsense Bullshit, John.

You will have to put in the work if you want to make at least 3K a month from my techniques. After mastering it - You will have to invest just 1 Hour a day.

In this eBook : Everything is already served to you in a Plate of GOLD.

The bottom line is: That if I generated 3K+ a month from the methods in this eBook, starting without even knowing how to write with a fluent English - EVERYONE can do it.

The Methods & Strategies

In this eBook I am sharing methods that NO ONE else is sharing. and to be honest? I don't care if you will buy it or not. I do care about operate my first Official product - Which is selling the knowledge that I gained over the 4 years in MMO & Instagram.

Long Story short:

I am not going to 'Show off' here fancy earnings of 5 / 7K \$ screenshots nor other BS. the people who know me: knowing well that I am not BSing here. However: I will show you a tiny photo from Fiverr - The place where I started to make my first bucks with the SAME strategies that I am explaining in this book. and SS from my PP account : The last time when I sold 2 Posts for \$220. EASY MONEY. REMEMBER ME, John: If you make \$30 one time - There is no reason in this world that you will not be able to multiple it daily. It's so FUCKING simple. I already put it on all in one plate of GOLD. So here is 2 Photos. One from selling shoutout's on one of my accounts and one from when I have just started. Those are small Earnings, But just for you to know: It's VERY easy to multiple if you put the time on it.

0% Bullshit 100% Transparency

You will not get rich overnight using this method. However: If you will put the effort in mastering the methods that I mention in the book : 1400 to 2755\$ Is VERY achievable goal even if you don't have

any knowledge in the space. John . And if done well : with a strategy to scale along with a business plan : It's EASY 5K a Month. I know Personally few people who is running a marketplace threads and grow their accounts with the same tactics that you will see after placing your order. with the methods that I will share with you - It will be like growing account's on steroids. and I know that some people will hate me because of revealing this growth strategies - but this is how the business work. Sorry.

(Feb 22, 2019 10:17 PM)DR.Hammer Wrote: [\[CITE\]](#) I have seen the feedback on BHW it looks a good productYes, it actually a great product offering amazing value. I teach everything that I use myself to growth accounts, with lesson's that I have learned in the way.

(Feb 21, 2019 12:00 PM)xSkyx Wrote: [\[CITE\]](#) Not worth the money. It's just a very simple known Jarvee tutorial. And you will need to invest 30\$/Month min. For something that can be done for free
Dear, I am really sorry to hear about your experience and I understand your concern. However, 1 Negative feedback VS 80+ Positive reviews on BHW from people who bought the book It's common sense that on every 80 ppl who bought the book there will be 1 with a negative attitude.
Anyways, I am willing to offer you a full refund since I don't believe that my clients should have a negative attitude.
Simply send me your selly order ID and I will refund your order.

+, of course, you will have to do a tiny investment, if you want to make money you have to invest money and to be honest with you? if you are not willing to invest 30\$ than being an entrepreneur is not a business that you should consider.

I am Always ONLINE at the group willing to assist my clients in Chat.

Meanwhile, Our valued members who bought the Instagram eBook is sharing their excellent user experience in our community chat.

Frukt - February 23, 2019, 5:51 am

I really like the idea of earning money with Instagram though I'm not the kind of type to buy eBooks.

I might buy this eBook just to give it to 1-2 friends so they can themselves start earning some money from Instagram, which I deem to be very easy compared to starting companies or as I'd like to call it, the ordinary way.

I wish everyone good luck with their journey on Instagram, GLWS!

Growth Hacker - February 24, 2019, 2:45 am

I bought it. and it is not new. the most work is done by a third party software. I got some questions tot the author. So I will join his group and edit my review later

Joined the group and I have to say great support and exchange og informations in it.

Furthermore sold my first post

AnimatedDesign - March 7, 2019, 12:20 am

Interested but waiting for reviews

Sword - March 7, 2019, 3:39 pm

Hey, I've received a vouch copy and this is my review:

In my honest opinion, I've never seen an eBook so well written. I can't even comprehend the amount of time it took to create this eBook. There are countless pictures so that you can never get lost; arrows guiding you in the right direction, highlight, etc. OP seriously took time into making this, and I believe it's an extremely high-quality product.

For \$37, this knowledge is beneficial for anyone who is interested in social media. There is more than one method to gain followers and literally answered all my questions without having to ask.

One part that I really thought was unique was not only how to gain the followers on Instagram, but how to market yourself and monetize them. It goes over different things you can do after accumulating the grown followers, and how to make a profit.

Conclusively, this product will undoubtedly reap profits. There is no way you can go wrong with the step-by-step pictures provided in this guide. I would like to reiterate the amount of time taken to make this eBook, as I have made some myself. This is a thirty-page document filled with relevant content from beginning to end. Let this serve as a blueprint for earnings.

I appreciate the opportunity to review this product and wish the best of sales. ?

??????????Michael Kors - March 7, 2019, 4:20 pm

I was given a vouch copy. Here's my honest review:

I had a quick read through this and I must say, this eBook is impressive.

This 30 paged goldmine is full of useful information and resources, plus it's design is really clean and simple.

Skyl1ne will walk you through all the steps to create and grow an Instagram account to monetize it afterwards. He responds to a lot of the questions one might have, which is something not many sellers do.

Overall this is a great eBook, and for this price you won't find anything better. I'd recommend this to anyone looking to get into social media marketing.

Big vouch!

Human - March 8, 2019, 12:52 am

Was provided with a vouch copy. He provides to different approaches in this well written ebook. There is tons of information in here. Very well organized and easy to read. Actual time was put into creating this ebook and its obvious. One method you might need to invest in but it is easier and less time consuming. The other is more time consuming but basically free. I have some experience in Instagram and this post covers most of what you need to know. You can be a total beginner at social media and be able to attract a following with this ebook. I have no bias other than receiving this ebook for free, other than that I could assure you I always provide a honest review for the hackforum community.

How much money do I need to invest? how much time? since I have a full time job that's taking 10 hours a day from me.

CocaColax - March 8, 2019, 4:06 am

(Mar 8, 2019 04:49 AM)AnimatedDesign Wrote: [\[CITE\]](#) How much money do I need to invest? how much time? since I have a full time job that's taking 10 hours a day from me.

A small investment in a third party tool for Instagram is required.

It requires 1 / 2 hours a day - Usually depends on your goals.

flavoral - March 8, 2019, 5:16 am

Layout & Presentation:

The guide is pretty clean and organized, well presented with images to showcase every step.
Content:

The guide takes you to step by step from scratch to mastering the usage on the program/tool presented and how to profit from it.

The Tool presented is not new, but it's still one of the popular most used tools in the Social Media Industry that you should know.

Something that I like about this guide it also presents different ways to monetize IG accounts.

I personally have been growing and monetizing IG accounts for the past 3 years, this Guide is a good skip through time to know how to grow them and make money from them, it doesn't include everything of course, but enough to for you to discover other methods and make money.

If you already advanced in the IG game, I don't think this is for you as you will find a lot of stuff that you already know. However, if you're new to IG, this is perfect for you!

Price wise, I think the Discounted price for like +/- \$40 is pretty good for a buyer who's new to the IG scene and don't anything on it. Original Price of \$75, on the other hand, is kinda too much in my opinion for the content presented.

CocaColax - March 8, 2019, 1:52 pm

No more vouch copies left.

javadth - March 8, 2019, 5:02 pm

is it works only for English accounts ??

CocaColax - March 8, 2019, 5:13 pm

(Mar 8, 2019 06:02 PM)javadth Wrote: [\[CITE\]](#) is it works only for English accounts ??

It works for every Instagram account. The language is not matter

Korvo - March 8, 2019, 5:16 pm

So I recently got a vouch copy of this and here's my review!

Layout: 10/10

The layout of this ebook is very neat and clean, super easy to follow and it doesn't run on forever. The graphical aspect of it is great as it shows examples of what you need to do. Great layout!

Grammar: 8/10

Overall the grammar is good, however there are a few minor issues such as capitalization and a few words that could be replaced.

Originality: 10/10

I have seen a lot of stuff regarding instagram and other social media and I have to say that this method is very original and unique. It gives you a different route to take than everyone else is trying to do.

Ease of use: 10/10

This couldn't be easier to use unless someone legit held your hand. The layout is great, it's straight and to the point, gives you examples of what you are to do and it also includes resources of where to get things that may be needed.

As long as you follow the directions to a T and don't slack on it, this will certainly grow your social media presence and have you earning extra money.

Conclusion:

This is one of the better ebooks that I have seen. I love how it's got a clear direction, gives plenty of resources and step by step actions to take in order to grow. Normally I don't buy into the whole ebook thing, but this one is an exception to the normal.

LoveOverFear - March 8, 2019, 8:48 pm

Hey,

I got a vouch copy, here is my review:

The layout on the eBook looks impressive as well with having the right color layout to say the least. The information here is beyond fast and you can go for days learning new things that you might have not picked up since the ebook is massive and seems like OP took a lot, and I mean, A LOT of time.

The words and titles for each section are spaced out perfectly for your understanding, so even noobs can get the clear picture on this. The pictures themselves on this are beyond easy to understand as there are arrows showing in each direction for a very easy understanding.

There is so much information, techniques and even methods within the book you can try yourself with so much details it's technically incredible not to make your money back for the price.

This is beyond the most detailed eBook i ever seen and I'm very glad I got a vouch copy.

10/10 Easily.

Anyone who buys this and wants to grow beyond measures on IG should definitely give this a shot.

It's worth every penny.

Thanks Skyl1ne for this awesome ebook and opportunity to let me get a vouch! ? ?

01001 - March 9, 2019, 2:05 am

I recently got a vouch copy, and I'd like to share my experience on the following basis:

1. Originality: I have read a lot of articles, methods that would help a user to gain new Instagram followers. However, this e-book is entirely different as you will find ample ways to ensure that you'll get quality followers/likes organically. Upon proper implementation, one could achieve the automation of regular increase in the followers' count.

2. Ease of Use: Indeed this e-book has a lot of images that will guide you through the process. I can affirm that once you read something you don't have reread it, as an appropriate practical implementation screenshot has been added in every step!

3. Investment: So far I feel like if you invest a little (somewhere around \$20-30) which is not necessary at the initial stage. However, If you spend, then you can boost the process and will see

the results promptly.

Crux: I feel like it is something which is unique, easy to implement and doesn't require any hefty investment. All you need to give is your time and efforts to attain your desired results. Besides, \$37 is not a bad deal that is going to provide you with a lot more than this, once your account goes viral you could sell it for good amount of money or even offer shoutouts to other brands that would generate income beyond \$200+.

SinisterSmile - March 30, 2019, 3:54 am

Can i get vouch copy please?

CocaColax - March 31, 2019, 6:07 am

Sorry all vouch copies left

Hopsin - April 3, 2019, 4:13 pm

@OP, your "buy now" url is broken or someting is wrong.

I get this message:

You do not have permission to access this contract template.

CocaColax - May 2, 2019, 2:49 am

New Version of IG Machine has been released.

MadNoobie - May 2, 2019, 12:01 pm

Interested in this, just have some questions first.

- How much investment is needed/recommended?
 - Example accounts?
 - How much growth is needed before starting to see income & how much dedication to start off is needed before you see results?
- Shoot me a pm :) Thanks in advance!

CocaColax - May 2, 2019, 12:25 pm

Elara - May 4, 2019, 4:19 am

Wish I had the nuts to send it on this method. Looks really good, glws op! ?

Pancake Boat - May 6, 2019, 5:38 am

Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your eBook.

Caligio's Review for "[\[iNSTAGRAM MONEY MACHINE\] \[Gain 10K FOLLOWERS A MONTH\]](#)" by [IG Pro](#).

The eBook consists of 12 chapters totaling 100 pages(Font size 13/14, pages also contain images). Each chapter talks about a different aspect of the world of Instagram.

Before I start reviewing the contents of this eBook I would like to take my time reviewing other sides of the product because OP has clearly taken his time into developing this product.

Design wise OP has decided to go for a white background with black border/watermark on the left side of each page. This choice of design is very appealing to my eyes. The formatting and text size is perfect throughout the eBook and I would not change anything about that. This product gets very high remarks from me when it comes to design and structure.

Now, let's talk about grammar. Throughout the enormous amount of information provided by the OP, I did notice some grammar and vocabulary errors, however, they did not interfere understanding the contents of the eBook.

The eBook also contains a "table of contents" which is great in case you want to reread a specific section later on.

Anyway, it's time to take a deeper look at what you came here for - the actual content of this product. Beforehand I would like to note that I am not an expert when it comes to Instagram and/or growing accounts, however, in the past month I have started my own research and I have been doing some growing myself, thus I will review this eBook from the perspective of my prior knowledge of this topic.

In my eyes, this eBook covers everything from A to Z when it comes to growing Instagram accounts and making money doing so. In these 12 chapters, you will learn everything starting from understanding the growth game, different types of Instagram accounts to tools, money making, and stealth account creation.

Below I will quickly sum up the things covered in the eBook without:Understanding the Growth

Game

Different types of Instagram accounts

How to do market research

Content guidelines - setting up accounts and finding content for them

Tools (Proxies, automation, VPS)

Planning and setting goals.

Creating links

Making money (6 different methods)

Creating HQ accounts and Recovering accounts

There is one thing I dislike about this product and that one thing is being rather forced to choose a specific tool when it comes to automation and that tool is called Jarvee. I would have preferred if the OP would have introduced multiple options of automation tools for Instagram so the buyer would have a wide variety of options to choose from or at least would have an understanding on what the market consists of.

As far as I understand, everyone who purchases this product gets added to an exclusive buyers-only Telegram group made/run by the OP. I was added to the group and by taking a look around I noticed three things that I would like to point out.

Firstly, the general population of the group seems to be satisfied with the product they've bought. There are some particular members who are more actively participating than others.

Secondly, the OP is not as often participating as I would love him to be. As far as I understand - a version 2.0 of this product was released recently and seems like some people haven't gotten it.

Last but not least, the group seems to be really friendly and helpful towards any questions you might have.

I am going to let the words of Telegram user "MadNoobie Marketing" who is also a member of the group speak for themselves:

Spoiler ([Click to View](#))

Quote:my view of Instagram has changed so much after what I already have learned? and now there's already a v2? pure gold!

Final Thoughts

In my opinion, for the given/discounted price of around 40\$, this eBook would be a great purchase for a Beginner to the world of Instagram, because it introduces you to the main aspects of every corner of account growing and monetizing and I hardly believe that with the support coming from the Telegram group you will be able to move forward on your own.

Personally, after spending around a month doing some research here and there, I did learn loads of useful information when it comes to growing accounts. Thus I can feel free saying that I would not have regretted purchasing the book for 40\$, however, I have a feeling that it does lack some variation of content/hashtag research and beforementioned automation in order to make the eBook worth the full price (75\$)

Thank you once again for giving us ("Appraisers"), the opportunity to review your eBook.

Good luck with sales ?
