Not really perfect symmetry anywhere haha the black diagonal is the only diagonal with x3 (dabombs) and x2 (blackhatters) so it kinda doesn't fit in. I was going to replace a bh with a grey star for now

Lavish Living - January 21, 2019, 8:20 pm

This blackhatter, as well as my other one, are still for sale... and I know OP says nonnegotiable but I've been watching alot of storage wars highlight clips on youtube and an open to offers.

Also, someone hit my thread with a nice rating please and thank you.

Dark - January 22, 2019, 12:24 am

would rate if i could. love looking at it even though ive gotta pay for a trip to euro

Evil - January 22, 2019, 12:43 am

Nope just have enough bytes for the fees.

Only ub3r/r00t can list awards but I'm fairly certain all members can buy awards off the award market

I should be upgraded by that time anyway if I can get these bytes sold.

Lavish Living - January 25, 2019, 9:21 am

Price for one blackhatter is firm on \$300.

\$550 for 2.

\$750 for 2 + wings. The ultimate clout, especially if you have a fresh account with no awards (you multis!).

Lavish Living - January 27, 2019, 10:11 am

I'm not complaining, good on you for buying so many awards, it's just a bummer to see so many awards simply purchased instead of earned like in the old days. When you saw someone with the BH award, there was usually a good reason behind it.
