Thread: [How I make \\$1 per time waster](#)

bruisedwitch - January 18, 2019, 1:54 pm

I send them my chaturbate affiliate link and tell them if they join I'll send them a free vid or some nudes. Chaturbate pays out a \$1 a sign-up, no email confirmation necessary. Just make sure you don't choose a rev share affiliate link on the link page.

I've found that most of the guys I send this to will do it. It takes all of 30 seconds to make an account so they have to be a real lazy fuck or just not interested not to do it.

This is a pretty known method tbh. Just thought I'd share, as I've made a nice amount of money these past few days just off these \$1 sign ups and a few guys going on to spend money on the site.

Weirdly enough some of these time wasters even buy after doing this. I guess they feel insulted by me insinuating they're broke. Who knows.

Check or bank deposit. They pay out once you hit \$50.

Desensitized - January 18, 2019, 2:40 pm

No bitcoin or stuff like that ?

Darariangrey45 - January 18, 2019, 5:14 pm

Used to do that back in 2015 lol You might get away with it the first payment but you'll be converted to rev share pretty much the second payment even ban i cause your traffic isn't converting sales for them. They're not gonna pay u for useless traffic

Blogger - January 18, 2019, 6:14 pm

Good idea. I would use this for a CPA offer instead.

My traffic is converting tho. I've been doing this for a minute even outside ewhoring (I used to do it with a \$19 per sign up credit report offer on adsensemedia) and I've never gotten detected. Mainly because I go out of my way to foster a good relationship with my manager and bring in good traffic along with the trash when I can.

No.

BikerDude - January 19, 2019, 5:49 am

how much you making per day using this method ? i tried adverten and 15-20\$ average

cacacacatu - January 19, 2019, 11:37 am

You obviously didn't read my above response. My traffic is converting. I've been doing this a few years and I have a background in marketing. I know how not to get banned.

DEMI?E - January 20, 2019, 6:40 am

You're giving your chaturbate link to those "time wasters" and we all know that time wasters don't want to spend money, correct? So how the fuck would your traffic "convert" when you're sending your affiliate link to time wasters only.

To those who have experience in CPA, kindly correct me if im wrong, if they say "convert" meaning every free signups should CONVERT into SALE to have a high quality traffic, correct?

Just like what others said, maybe you'll get your first payment, even second or third max. But as soon as they see your traffic or those who sign up into your link doesn't CONVERT or TURN INTO SALE. Then you'll either get banned or not get paid.

Darariangrey45 - January 20, 2019, 9:20 am

Not every sign up news to convert into a sale you just need to make them more money than they pay u it's that simple.. OP either doesn't know what he's talking about or simply providing misleading info. Most time wasters are mostly 19 yo kids and younger with no money to spend on buying tokens on those cam sites so how is that gonna work for the network I wonder.. unless OP is mixing high quality traffic with trash traffic but then again if he can get converting traffic why not go for rev share

In conclusion I'm calling BS

This is only one way I'm sending them traffic. I always make sure to mix in some good traffic with the trash. This isn't my first rodeo with CPA.

First of all I'm a girl.

Secondly, I've been making money with CPA for years and I've never been banned by a network because of my traffic. I know what I'm doing. You're acting like this is the only way I'm generating leads for them, which isn't the case.

Furthermore, some of these guys have bought from me after I've offered this and a few went on to spend a little money on the site — not much but enough to ward off suspicion.

Especially because I'm directing them to the profile of the girl I'm using who cams on there (a real life friend of mine who made a pack for me).

It adds legitimacy to my persona.

Just because they don't want to buy from a random ewhore on Kik doesn't mean they don't have money. And my time wasters are not largely 19 year olds. I don't know what a lot of you guys do to get nothing but teens messaging you. 90% of my time wasters are stingy old men. This must be a SC problem.

Oh and I have my reasons for not doing rev share with chaturbate rn. If things really start to pick up steam I probably will. Right now it's a side thing I don't really give a shit about.

Realistic. - January 20, 2019, 2:34 pm

This is interesting, might give this a shot with all the timewasters I get.

douxaspen - January 24, 2019, 6:33 am

can you teach me how you do it? i want to earn also and its really hard to use kik now

DaRuthless - January 24, 2019, 10:09 am

How does it work should they click sign up after opening the affiliate link ?

because i tried it and whenever someone signs up it doesn't count as a sign up in stats it only count hits

verick - January 26, 2019, 3:49 am

i tried this before but I never get \$ from 60 sign ups lol

amateur - January 27, 2019, 5:09 pm

can you teach me how to do this :)

Wiz Khalifa - January 29, 2019, 10:12 am

Thank you OP!

This should work great.

James Burnham - January 29, 2019, 10:31 am

This does not work. Only way you could make some money with CPA networks, it would be by sending them to pay-per-lead offers. And that would be breaking the vendor's TOS so eventually you will get banned.

joys - January 29, 2019, 11:00 am

this works - however i'd recommend cr@krevenue (\$2.50 sign up and email confirmation). Tell them to send a screenshot after confirming their email. - If you have an MFC cam girls pack, you are pretty solid and would barely ever have to verify shit since you can just tell them to watch you live (especially if the cam girl doesn't advertise her twitter and ig)

I am surprised that this method isn't discussed more on this forum. You can probably make atleast 50+ a day, and some people will sign up daily to different sites. Use a website like adult.xyz to get your traffic numbers up to decrease to suspicion.

pissedflare - January 29, 2019, 11:01 am

hi i can freely say that this wont work , per registration dont work on them and yes it might be good at start lets say you made \$50 but they will review if anyone converted into sales , you will only end up into two options

1:) first is you will be converted to revshare and they will tell you to convert the leads into sales before releasing some payments

or

2:) you will get pretty much banned logical thinking is if they dont make money why would they give you money? but hey you said you can convert some sales so ok good for you

chobohaze420 - January 29, 2019, 11:03 am

yeah chaturbate is quite good but meh. revshare is better if you have a quality traffic fo sure

i havn't tried this, but just get loyal buyers to spend tokens on the site. I believe you can make your own studio on chaturbate and get people to buy stuff on your studio account. (havnt tried this)

I've gotten paid by them three times now. this isn't the only traffic I send them.
