Macro with addon that enables macros.
Silent is more expensive.

I can refer to all your other sales threads right? People call you out for not delivering all the time, but I'm not here to judge. I'm here to wish you gl I wouldn't say I'm in the wrong by helping a member exercise caution

Hey dude if you are a fucking scammer then leave your mother ass out of this HF.

HF is where we help each other people sell all we need for so go lick your mother ass and leave this forum. I see no reason why scammers are here to scam there fellow men at work

SIM-82498 - January 20, 2019, 2:03 pm

Be careful, this user might potentially be planning a large scam. All their 5-star thread ratings are from below (he is not paying anyone their bytes, he's just getting people to 5-star so he can quickly scam).
