Thank you so much. I'm glad that I found you it was really shocking to see FamousHater banned from forums when I just tried to send him a msg.

It is cool your game, I like this game a lot. I couldn't code a level but I can leave suggestions in this post like power ups for,

- X 3 balls
- X lengthy base board
- X points for combos

etc..

no i was clear like 100% clear so the clouds and sky hit me into a chill feel and suddenly i wanted to capture the memory by adding a thread to my HF profile it's kinda like a book to me if i make a thread it's a topic to talk about in the lounge/subs for the next few hours and after some days it's an epic post that recently joined my old topics in the book (hf)
