Thread: [\[Need Logo\] Will tip.](#)

Jew - January 21, 2019, 6:10 pm

So i had a previous logo made then i had lost the original file so i need another one made.

I have a picture of what im looking for. If somone can please Re Create this for my website i would really appricate it.

Needs to be 200DPI Vector image. Will tip.

Please can you make it black.

This is not it. I need a 200+DPI Vector image .eps preferred.

Also if someone could please help me and change the Colors from white to black and black to white. or just make the letters black and give it a transparent background.
