Thread: [Cyber Gentlemen - \\$10 per month. Support adult game development + Learn to hack.](#)

Mr. Robot - January 22, 2019, 5:14 pm

Cyber Gentlemens group buy ins.

This will be a monthly subscription for \$10 a month. The money will be used similar to Patreon - you will get hacking guides/support and tutorials weekly within the group as well as access to private methods released fortnightly.

Bitcoin Only.

The money will be used to raise funds for a game I am working on. An adult 3d RPG adventure game which involves a lot of sex, real time fighting and open world adventure.

I will be posting updates on the game inside the group - you can also buy a \$200 tier for a permanent spot inside the group and I will model a girl of your choosing or yourself into the game. The game is called "Monster Layer" and for the texture quality you can use this as an example. (Not my images/models however I don't wish to give those away to plebs not paying)

Anyone paying even the \$10 tier will be given an opportunity to vote in polls regarding game choices/decisions as well as have their opportunity to have an input on things they wish to see.

We will use HF contracts to secure your monthly spot.

If you don't have Bitcoin and would like to support us, please use our Patreon.

<https://www.patreon.com/Scaibera>

If you do, please PM me and I will add you in.

A HUGE thank you to the following people who have contributed and are part of Cyber Gents currently:

.Elysium.

Cheers mate. Appreciate the kind words.

Damn, I was about to reply giving you a bunch of shit for offering buy-ins but after reading the details I'm glad your doing this! Something that's different and innovative for the forums / groups.

I support this! ?

You guys need a new UB tho.

Deal - January 23, 2019, 1:52 am

I'm generally not paying to be part of anything. But I think it's a really nice character design. Looks so professional. I wish you the best of luck with your game, and your group.

Juicy - January 23, 2019, 1:52 am

That sounds fucking dope, I'd love to buy in later this week once I get some money. I'm excited to see what this game will be.

Hey man appreciate it, I think using groups on HF like patreon could be a good way to both monetize groups + give content and control to users.

Honestly don't mind the UB and it costs to have it changed.

Hey man not a problem, I will periodically have updates I can share out of the group about the game with models and whatnot so I will hit you up when I have something I can share.

Sounds like a very interesting group and I don't think I've ever seen a pay monthly buy in before in my life, interesting but it's something new and the things you are going to be doing as a group sounds very promising. Good luck to everyone.

Bacardi Cola Lime - January 23, 2019, 7:58 am

I've been interested for this group since I returned to the forums. Should I pm you for a question I have?

Cyam - January 23, 2019, 8:53 am

I paid for a spot to help you with your venture and also possibly learn few things myself. Thank you for the opportunity. ?

RAT - January 23, 2019, 2:12 pm

I would really recommend taking the offer. There is much to learn on the journey with Mr. Robot.

?rescent - January 23, 2019, 4:47 pm

I'm sorry, but is there any way I can keep track of this game or learn anything about it? It looks very interesting and I would love to learn more :)

I've sent you a PM with our patreon link - you can simply follow and see updates or support the game through that if not HF.

The 3D render looks amazing. Keep up the good work Mr. Robot, following your progress quite closely.

(Do you guys have an ETA on when you expect it to be released?)

Regards, Wolf ?

If we can get the funding we require to take it full time, we could have it done within 3 months. Realistically we would be looking more at Octoberish at the current rate

Once I get my direct deposit for work tonight or tomorrow, I'll be doing this. I've seen your brief tutorials that aren't hidden behind a sub-forum and I'd love to see the ones worthy of a sub-forum. It makes it better knowing the money is going towards something you love.

Maybe in the near future there will be a possible position for someone like myself to join up,

I trust there is a Discord group for members?
