Huge vouch for Mr Professor, really HQ user. Best of luck with selling this!

So, Mr. Professor made a thread about this method wondering how much it was worth. I needed a better cashout method for Amazon so I asked if I could pre-buy it. He was happy to sell it to me and it has really helped me and is truly a great method. He has my vouch.

Dankdood - January 23, 2019, 8:25 am

No sales trashing, these are sincere concerns.

How is this any different from other agc flipping methods out there?

Is it guaranteed to find buyers?

What makes yours so unique that you charge more than 200% of a normal agc flip method

How I made \$30-50 profit DAILY

- 1) I posted thread on hackforum's currency exchange to buy AGCs and actively found people who sell AGCs
- 2) Within 48 hours, I found 3 people who were ewhoring around \$100/day in amazon giftcards
- 3) I paid them 65% BTC.
- 4) I used my [Amazon Method](#) to exchange at 80%.
- 5) I made 15% profit.

Let's do some maths.

$$300 \times 0.65 = \$195$$

$$300 \times 0.8 = \$240$$

$$240 - 195 = \$45 \text{ PROFIT.}$$

I was making around \$50/day profit with less than 5 minutes of "work" everyday.

iburn - April 29, 2019, 10:29 am

so if i do 15% profit for 10 exchanges at 80% i can do more than 50\$ profit right?

240-195 = \$45 PROFIT. (if i do this 10 times) i can do 450\$ / daily?
