sonex - January 25, 2019, 9:51 am

Note : Sales closed. I've recently tested yet another product to add to the store alongside the ones that are currently in the guide. Will send it for FREE to all current customers as a gesture of joining my course on time. Support will continue as usual but no new customers will be accepted. Thank you!

Earnings Proof From January 1st to January 24th 2019 :

What is this about?

This is not something being sold in Shopify eBooks around HackForums, actually I don't think anyone is doing this method from Hackforums. It will take you 10 minutes to set it up from start to finish. It involves paying for ads hence it's recommended you have 5\$ a day budget. It has nothing to do with any Shopify guide you've seen so far, it does not involve dropshipping from Aliexpress or whatever site there is, it's not about Virtual Items either. There are zero requirements, everything is explained step by step and all you are required to do is follow along and do some copy/paste in order to set it up.

What is the price?

I'm selling this for \$50 per copy. Full mentoring and my support is charged extra 50\$, however I advice you not to buy the support package but to invest the money in the method itself. You will need zero support due to the simplicity of how it's written and put together. If you still need support as in Set Up or advice/questions you can pay the remaining amount once you see the guide and decide you need support. Those who opt-in for the Full Package are entitled to Full Support and an hour a day schedule with me on Skype, if one needs it of course.

Process and refund guarantee.

You will give me contact of your choice where we will meet up in case you need support.

About the refund - I'm offering full refund if you don't make money within 3 weeks of purchasing the method. That way you're in no risk of losing your money.

Can it get saturated?

Both yes and no, if 1k people were to use it as of this moment, surely it would get saturated in no time. Hence this guide will be sold to 20 members only, and bear in mind there are no exceptions. Amount of copies sold will be available to public to ensure the legitimacy.

Frequently Asked Questions

1.) Do I need to find products to sell?

No, I will give you the products and entire set up needed in order to make money from the method.

2.) Will you help me set up Facebook Ad?

Yes, step by step from start to finish. You don't need prior knowledge nor skills.

3.) What is the time needed to execute the method and see money?

Set Up takes 10 minutes. Earnings can be seen as soon as your ad is approved and running, or worst case scenario within 48h.

4.) Is this illegal?

No. This is legal.

5.) What is the initial investment?

Initial investment would be \$5 a day.

6.) How much money can be made?

I currently make 70\$ a day steady for 4 weeks.

7.) Does it include dropshipping from popular Chinese markets?

No. As I said, this is something different.

8.) Does it work worldwide?

Yes, it works worldwide. If you have internet connection you're good to go.

9.) Is it about keys, accounts, eBay or anything alike?

NO!

10.) Do I need social media accounts, niches, products, experience etc?

No, no and no. It's a 2-step process which is entirely covered in the guide and requires absolutely nothing on your part except following it for 10 minutes straight.

11.) What's the difference between two packages?

Basic package gives you basic support, if I have a Full Package customer needing my assistance you will be put on hold. Full Package customers can ask for Personal Set-Up either done on my PC then handed over, or done through TeamViewer.

You agree to respect me and treat me as equal as I treat you as my customer.

You agree not to behave like a redneck, single insult or a threat towards me as a seller will result in termination of our contract. No refund, support or further communication will occur in such event. No exceptions.

You agree not to use the sales thread for support (duh?), you will receive all contact details immediately after the purchase to your Email.

Is your \$70/day net profit from the 5\$ ad spend? Or you're spending more than 5\$ to get \$70 a day?

Juicymuffins - January 25, 2019, 2:26 pm

Any more discounted copies available

anatho - January 25, 2019, 3:50 pm

Hey,

1. If I buy the basic package, then I still get support (you will reply to my questions) or no? And the discounted price is \$35 right now?
2. You say, it is not dropshipping and not virtual items. So it means shipping physical items on my own? So it requires me to live in USA?
3. I already have a shopify store, so I would just add the product/s you are telling me? Are the suppliers included?
4. You make \$70 a day, how much of this is profit (\$5 for fb ads and product price subtracted)?

- Hey,

1. Like I've said in FAQ, Full Package customers get priority and mentoring if needed but regardless of the package you will still receive support. Yes I got 1 more discounted copy, 35\$ for Basic or 70\$ for Full Package.

2. No you dont need to ship anything on your own. You can live anywhere in the world as long as you have internet connection you'd be just fine. I can not go into details otherwise I might as well just say in public what it is. It's different though.

3. Yes you can just add the product and run the ad by my instructions. Yes.

4. I've replied to the user above but I'll copy/paste for you here as well ; I usually earn anywhere from 50\$ to 70\$ a day profit with 5\$-7\$ worth of ads daily. Cheers!

anatho - January 25, 2019, 4:13 pm

Sounds very good. So the supplier of the product ships it worldwide?

Quote:About the refund - I'm offering full refund if you don't make money within 3 weeks of purchasing the method.

Is it specified how much money I am supposed to make? Or if I even make \$1 I am no longer eligible for the refund? lol

I am really wondering what the product is, because I did fb ads in the past, and if you get \$50 profit from a \$5 ad, this is more than great, because from one single \$5 ad I never made a single sale.

Yes it does.

If you cant make back the amount you spent for the product then you are more than 100% eligible for refund. Making 1\$ isnt what I guarantee for.

You probably used generic saturated niches thus you couldnt even see any sales.

Accepted you on Skype. I would strongly advice against running ads at 20\$ a day. You can eventually scale up and I can assist you with it but your initial price should be max 6\$-7\$ a day for ads.

Hey mate thanks for your interest! Unfortunately I'm not going to go after customers begging them to post in the thread (privacy is big of an issue as well). So far some customers had issues getting their Ad approved during the weekend, apparently Facebook deals with new accounts/ads from Monday to Friday unless you already have one.

I've had reports of 1-2 sales within the first 48h but then again that isnt really much of a proof. At least some of the customers should post their earnings by the time I close the sales, currently sitting at 5 copies in stock. You can check my Saturday and Sunday earnings for now. Cheers!

Hey mate thanks for your interest!

Investment is 5\$ a day for Facebook Ads, you're not buying anything yourself. Whenever you get a sale it automatically deducts the cost of the item (7\$-8\$) and you get to keep the profit! Cheers.

Sorry I dont have anymore discounted copies, they are long gone. I've sold all 5 discounted + 10 regular price meaning I got only 5 more copies in stock.

I've done all steps to ensure this goes long term, both with the method itself as well as with the fact I've limited sales to just 20. Cheers!

Updated original post, as of this post there are 4 copies in stock. Sales will be closed in 13hours from now on (1 PM GMT Timezone). Thank you.

If you dont get in on time please do not contact me after the selected timeframe. I appreciate any and all offers but I'm going to focus on customers who got in hence I'm not willing to accept more than 4 more customers.

Hey there thanks for your interest! You can go here -

<https://help.shopify.com/en/manual/payments/shopify-payments/shopify-payments-requirements>

If your country is supported you can use Shopify Payments.

If your country isnt on the list that means you need to use PayPal which is by far easier and instant.

Can't use either since my country is not listed to either of those payment processors.

That's unfortunate. You can send me your country through PMs and I'll double-check it for you.
Cheers!

This seems like an awesome guide for beginners who want to make some side income using Shopify. Good luck with selling!

Want to buy it safe! Can I reserve? I'm back home in 2,3 hours to pay with Bitcoin!

Thank you!

Sent you a PM!

Sales closing in 30 minutes. Thank you.

Sales closed. I've recently tested yet another product to add to the store alongside the ones that are currently in the guide. Will send it for free to all current customers as a gesture of joining my course on time. Thank you!
