Thread: [Fully auto-pilot drop shipping bot.](#)

**Basstracer** - January 26, 2019, 8:30 pm

Would anyone be interested in this?

Basically the bot would find the best deals on amazon, list the deals found on ebay and as soon as the item sells on ebay, it is bought from amazon and shipped to the ebay buyer.

This would be fully auto-pilot and require very little human intervention.

I am really eager to code this, so if anyone is interested in this project, please let me know.

? ?

UPDATE: Finished the first part of the program. I am successfully able to find items best price based of the input, grab all product data from amazon [including product description and images]. In this case, I input cheese: <https://imgur.com/a/1ezcGY2>

Going to begin with the second part, which would listing the item on ebay.

UPDATE 2: UPDATE: I have made a LOT of progress since my last update, I plan to have the bot up and running in about 2-3 days. Will update you all when its ready along with a recorded demonstration of how it works!

???????????Michael Kors - January 26, 2019, 8:33 pm

I'd definitely be interested in a program like this.

**SIM-4022091** - January 26, 2019, 9:17 pm

hell yeah, this would be awesome

**SORRIE** - January 26, 2019, 9:20 pm

the problem would be running multiple at one time if they all use the same criteria to find deals, but this could definitely be interesting

**Basstracer** - January 26, 2019, 9:57 pm

(Jan 26, 2019 10:20 PM)SORRIE Wrote: [\[CITE\]](#) the problem would be running multiple at one time if they all use the same criteria to find deals, but this could definitely be interesting  
yep, yep, got a few ideas though. Keen to get started on this ASAP ?

**domine** - January 27, 2019, 12:56 am

definetely would be interested

**JohnPwn** - January 27, 2019, 12:58 am

yea why not, go for it...lets see

?il??? - January 27, 2019, 2:03 am

Also looking for this. Thanks in advance to whoever gives an author ;)

Sinephile - January 27, 2019, 10:25 am

This would be amazing. If it works as described, there would be no more effort in flipping lololol

Mcilbennybutta - January 27, 2019, 11:59 am

hell yea this sounds awesome! how long do you think it would take to finish a project like this

Basstracer - January 27, 2019, 4:00 pm

(Jan 27, 2019 12:59 PM)Mcilbennybutta Wrote: [\[CITE\]](#) hell yea this sounds awesome! how long do you think it would take to finish a project like this

I have already started, I am going to add a few more options for the user:

- Give the user the ability to input a list of products he/she would like to flip

eg: "Resident Evil 2"

"toilet paper"

"tooth brush"

Based off the users list, it will find the best prices

- add option of how many stars the product needs before it is actually purchased.

- add option of only buying from sellers with a certain reputation ( you set the value ).

Will keep you all updated.

? ?

Geal - January 27, 2019, 5:01 pm

This sound really interesting.. Do you share? If is yes.. I would love get a copy.. Thanks in advance

GiraffeBear - January 27, 2019, 5:30 pm

Of course I'm interested! It is an easy way to make some cash.

Basstracer - January 27, 2019, 5:47 pm

If I do end up being successfull, I will probably sell the program, but it will not be free since I am using captcha solvers, proxies, etc.

Nice job OP :). Keep the updates rolling in!

Ravioli - January 27, 2019, 9:05 pm

This is actually very interesting. If you need an investor/proxy seller hmu and we can talk.

yuma64 - January 28, 2019, 5:04 am

definetely would be interested

CLO\_\_\_\_\_ - January 28, 2019, 8:44 am

LOL, sounds interested. would like to see how it works with my eyes.

akhalil - January 28, 2019, 9:42 am

Very interested, This would be amazing.

Tlxy - January 28, 2019, 12:44 pm

Would be very interested in what you're making! Following this!

Basstracer - January 28, 2019, 5:38 pm

awesome. this may be a reach but do you think it will have shopify integration? I would love to just plug it into my store and automatically update my catalog ?

MohamedDido - January 28, 2019, 6:24 pm

I can translate it into python if you need

R A B B - January 28, 2019, 6:24 pm

I am interested in this for sure man sounds like a amazing tool! Send it my way or send me information.

Basstracer - January 28, 2019, 6:35 pm

(Jan 28, 2019 06:57 PM)Taboozle Wrote: [\[CITE\]](#) awesome. this may be a reach but do you think it will have shopify integration? I would love to just plug it into my store and automatically update my catalog ?Shopify integration would require more work, but definitely a possibility in the future.

decide what to do with it. :)

**Astrologer** - January 28, 2019, 6:40 pm

Would be interested in this, when you're finish let me know.

**tacticaluke** - January 29, 2019, 4:06 am

Sounds amazing, I'll come back to this thread in a few days to hopefully see it in action!

**.Reef** - January 29, 2019, 4:08 am

Posting to come back to this later.

**Mcilbennybutta** - January 29, 2019, 10:28 am

I'm pretty excited to see this pan out and hopefully it works well.

**hckr** - January 29, 2019, 11:07 am

This is awesome, great coding practice and cannot wait to see it!

**Kaos171** - February 2, 2019, 9:45 pm

Am very interested in this program

**em33** - February 3, 2019, 3:18 am

Hey man, notify me once it's ready

**Kero Zool** - February 3, 2019, 4:52 pm

very interested, can't wait to see progress on this

**Ravioli** - February 3, 2019, 5:20 pm

My offer still stands. Looks like it's going good so far for ya.

**akateshi** - February 4, 2019, 9:26 am

nice work if its for selling or sharing im in :) good work

**Dangero** - February 5, 2019, 3:27 pm

Already finished? Wanna see where this is headed

**Cryptography** - February 6, 2019, 3:02 am

Is it somewhat like this tool?

<https://salefreaks.com/>

**james19** - February 6, 2019, 6:56 am

I will definitely be interested tanks

**Mr Professor** - February 7, 2019, 1:55 am

It already exists.

<https://www.arbitragesuite.com/>

**KetamineCowBoy** - February 9, 2019, 8:33 pm

I would buy this as soon as you released it
