Thread: [Twitch Prime BIN](#)

davidborabora - January 27, 2019, 7:05 am

Been trying to find an Working Twitch Prime BIN/Method for 2 month now, And I start to really get pissed of because I don't know where to search for it. Been trying this: Search on YouTube for "Twitch Prime BIN", but didn't find anything. I've tried to search here on Hack Forums, but without sucess.

If you know where to look for an BIN, please contact me on discord: jq#4004
