Wait is \$20 a legitimate offer for the sword... not even going to bother asking what your offer for bh/spy/whh is. You're a joke!

Somebody please CLOSE this imbecile, again!

Are non upgraded users able to get these? I'd buy it. Looks so cool ?

**Crypt** - February 13, 2019, 7:37 pm

You don't even have the 1200 bytes needed to purchase it though.

Those would be some sexy awards though. I don't like how it has the message letting everyone know it was bought though :/ I want to earn them.
