Thread: [Scammed by RAGNAR uid 1610871 for \\$120](#)

Cyber86 - January 31, 2019, 10:20 am

Sent RAGNAR a \$120 AGC.com code, he redeems it to his account and tells me 'its been redeemed'.

<https://hackforums.net/member.php?action=profile&uid=1610871>

And isnt sending me BTC.

All users AVOID RAGNAR he will take your money and run.

I.M.P - January 31, 2019, 10:23 am

Was there any contract? If not this dispute is invalid

Cyber86 - January 31, 2019, 10:24 am

Yep, contract is still open, I completed my side, he hasn't completed his.

Ubaste - January 31, 2019, 10:26 am

I think you only initiated the contract? Both buyer/Seller have to accept the contract before its valid..
Sorry for your loss

Cyber86 - January 31, 2019, 10:27 am

The truth is, I sent him the Code via PM, after he told me to 'go-ahead'.
Then he redeemed it to his account, and isn't paying me.

So the truth is, = HE IS A SCAMMER.

isu - January 31, 2019, 10:31 am

OP, did you read how contracts work?

<https://hackforums.net/contracts.php?action=view&cid=24241>

Both sides need to accept it before trading

Riyu - January 31, 2019, 10:33 am

Lmao, this man is seriously abusing the system by preying on new members who don't know how the contract system works.

Cyber86 - January 31, 2019, 10:35 am

HE IS SCAMMING, not abusing the system, this is about RAGNAR, not upholding his side of the bargain we agreed upon.

RAGNAR is a SCAMMER

Skull-13 - January 31, 2019, 10:38 am

If I understand the rules well. Now no one should be doing any deal without a contract.

James Burnham - January 31, 2019, 10:39 am

I am sorry for your loss. You have to search UID to make sure the guy has no bad history

Thank you for this, A mod should ban him, he is scamming site members dozens of times.

SORRIE - January 31, 2019, 10:49 am

Sorry for your loss OP, always rmmbr to search UID and make sure you use a contract that has been accepted by both parties

n0\$f3ratu\$ - January 31, 2019, 10:52 am

He is a piece of shit and Omni should do something about him and other scammers.

Once he will take actions against them from the first scam, the market place will feel more secure for new comers so it will grow.

Just my thoughts about this.

Listen dude. Sorry for your loss, but this DD is invalid and HF will do nothing about it (afaik)

Both parties have to accept the contract before any money is being sent.

Everything you said is 100% true, however that doesn't change the fact Ragnar is a scammer.

Cyber86 - January 31, 2019, 1:38 pm

Man, I just want my BTC, or this guys account closed, he's scamming, not in business.

Damn, this guy profile looks so legit but the truth is different lol

I'd like a reason why they are doing nothing.The staff doesn't get involved in deal disputes. All deals are at your own risk.

Cyber86 - February 1, 2019, 7:32 am

This wasnt a deal, this is a member, scamming potential buyers.

This is similar to a member spreading infected PDFs, Atypical/destructive behavior. He is taking money! This is like keylogging a paypal and stealing the funds! Ban this abuser!

HOMODIN - February 1, 2019, 7:33 am

One thing that you never replied to, did he ever accept the contract or did you just start it?

And how did I miss that...rip...still tho, imo people who keep on doing this to new members should get permanently banned. This could be a thing tho, an update to the notifications when starting a contract so that it would be easier to understand that the contract still isn't actually done.

Cyber86 - February 1, 2019, 8:32 am

He took the code, applied it to this account, he's a scammer, a contract doesnt affect what he did with the code, he deserves a Ban at the least.

SORRIE - February 1, 2019, 8:34 am

Staff do not get involved in most deal disputes, especially without a contract.

Cyber86 - February 1, 2019, 8:35 am

Ragnar is a theif, thats all he is, me and other users have proof of it.

You guys are 100% correct. Over the last couple of months I've seen numerous scam reports open for this user. ALL have the common story. A new, un-upgraded user who doesn't understand how contracts work (or partially).

He does legit exchanges for users who are upgraded so they can +rep and add to his market transactions so that he looks trusted to new users to this site.

B0Trun - February 1, 2019, 1:39 pm

I can blame the OP on not reading the contract deal process and trusting uber blindly .
