Thread: [Favorite past group on HF you were in?](#)

iNviZ - February 2, 2019, 8:52 pm

Black Knights was my home group.
Was the beginning of my involvement with HF.
Yours?

Yin Yang - February 2, 2019, 9:06 pm

I liked the order, it was pretty chill

Retribute - February 2, 2019, 9:20 pm

There's a lot of good groups that I've been involved in, but it always comes down to The Alliance.
#TheCatFarm

Pirate - February 2, 2019, 9:35 pm

I like Rats crew very much it was a pretty chill group.

#Skyline - February 2, 2019, 9:46 pm

Legion, the good old days.

Biggy - February 2, 2019, 9:47 pm

Terminal was cool, other than that, Writers.

boost - February 2, 2019, 9:47 pm

I was only ever in one group and that was the official "game lounge" one a while back.

Pray - February 3, 2019, 12:39 am

Logic from a few years ago. Tons of really HQ members and the discussions were always great.
Writers was also great when I was in it. Loved to help out and learned a lot.

I second this!

pms - February 3, 2019, 2:30 am

Well i've only been in Terminal and Sui Generis, so i guess sui generis would have to be it.

01001 - February 3, 2019, 3:19 am

I can affirm that The Alliance was the best group and I still miss that group, don't know what it got defunct. After that, now I'm comfortable with Writ3rs.

Deal - February 3, 2019, 3:25 am

I remember the time when Black knights, Valor, Reverence, and the marketers was the biggest groups here.

I just went and saw their userbars. It's like nostalgic.

scam. - February 3, 2019, 3:48 am

Riptide is probably mine. Just because its the group that spawned friendships that I still keep to this

day.

Other than that pretty much all groups blend into one. It's the usual members in the scene talking shit in every one basically.

The bigger lounge groups like Instinct/axiom, The Empire, etc were all good fun back in the day.

In all honesty at this point I've been in so many I can hardly tell the past ones apart.

Equilibrium will always be my home base though.

isu - February 3, 2019, 7:31 am

Socialites had a slick userbar, my favourite so far

Riyu - February 3, 2019, 7:32 am

The Order was and will always be my favorite group

Michael - February 3, 2019, 7:38 am

Used to be in the brotherhood before.

Really liked that group.

Night Fury - February 3, 2019, 8:46 am

L'appel du vide. Hexicidal got me into the group scene. Bless that man.

Night - February 3, 2019, 9:09 am

The Order was and will always be my favorite group

SoulZeh - February 3, 2019, 11:59 am

Christ, I was in that many, I loved the Red Lions, probably my favourite group of all time.. But I was in so many at one point. I have 3-4 main groups excluding RL.

1. The Empire
2. 143
3. Rhythm
4. Infamous.

iNviZ - February 3, 2019, 12:04 pm

A lot of these groups you fellas speak of I have never heard about. Explain more on each group?
Thanks

Meow - February 3, 2019, 12:10 pm

The Order, Riptide, Instinct, Revolution, Illuminati, L'appel du vide are some of the groups I enjoyed.

Yandere - February 4, 2019, 4:52 am

I'd have to go with Baka, it's the only group I ever enjoyed.

Nuworld - February 4, 2019, 6:10 am

The original Brotherhood was by far the best group I was in.

BTB™ - February 4, 2019, 10:16 am

Legends
Terminal
Revolution

And few I don't remember.

Cheers

Cooligan - February 4, 2019, 12:25 pm

I would love to make 143 a thing again if only I could get in contact with Daisy or Cody.

Daisy just kinda fell off the map unfortunately

Both accounts are closed. I read some of Daisy's threads a while ago. They got moved to the lounge from 143. Pretty rough.

Cryptic is still here, don't know how active though. Kinky is here and in 2 groups still, and other than that most of the noobs I could find are all inactive or banned. I couldn't find one of your memberlists from more recent (around late 2013), I can only find one of your older ones in early 2013 and most everyone there is gone. I think I was in Root leading up to it closing, actually. That rings a bell.

Favorites, though- The Alliance and the original HF Coders. I just remember my time in those groups the most, and did a lot of work with other members in those groups back in the day. Probably talking late 2010ish, to early 2011.

I only managed to get in near the end. Seemed like a fairly HQ group.
Plus the userbar is still probably one of the better HF userbars that I've seen

I enjoyed Phoenix, Riptide was defo my 2nd list.

Miss the times within there and being blacklisted from Echo :(

Instinct was great because it was a super active lounge group. Also a lot of drama and meme posts, it was great.

Besides that I enjoy Dawn. Very active and friendly community.

Echo and Infamous were lit.

Sajuuk - April 15, 2019, 6:08 pm

The Empire had the broadest spectrum of discussions from what I can remember, and they all were either enjoyable and/or informative to some extent. But, then again, I've only been in a handful of custom usergroups during my entire time here.

Nostre - April 16, 2019, 2:06 pm

Red Lions & MRT I believe were my favorites.

Edit: this really wasn't a group but do yall remember when the Ub3rs had our own sub-forum? That was pretty cool I met a lot of people in that.

Eclipse by far really loved everyone in that group and still talk to most of them. Most people iv gotten to know IRL were in that group

M2K - April 24, 2019, 11:00 am

The Rats Crew used to be pretty chill, sharing knowledge and making tools to sell

Krueger - July 8, 2019, 6:02 pm

Eminence with Viral Dragon and shadowcloud as Leader was really fun to be a part of.

Archive tho was well damn managed by Adam i've never seen a group Leader this dedicated about his group and SF. It was so dope. I really miss this group.

I've never been in any popular groups because of what i do but i was a member of animeFANS! til perished. Looked at some past groups that existed before i joined HF and i've always thought that Fly by night was amazing.

Phizo - August 12, 2019, 3:42 am

I can't remember them all. I've been in many groups since I've been here since Feb '09. I will go through what I recall.

root@hf by far: the only hacking-oriented group with people who actually had skill (although only about 3-4 people; some friends in the circle who didn't hack or were simply skids were also allowed in the group). Earlier groups such as, Black Knights, Philker, D.S. Inc, The Wraith, Graphic Masters, etc., were also a great past-time for me. I was in at least all of them if not more over the years.

Newer groups such as Black Diamond and Dynasty were not bad. Logic was an absolute skid-fest and I had to leave after 2-3 days.

I then refrained from newer groups as they looked like shit compared to what they used to be like.

Writ3rs was fun, but Nuworld is too much of a dickhead, and so I quit. Asked me via a proxy, who I will not name, to come back and declined due to that. If it were owned by someone else, who can actually lead and has a good attitude, I would join again. I did put plenty of effort into the articles. No appreciation. The group was all over the place due to lack of proper leadership. Dickhead co-leader (Nuworld). Fix all that, and you've got yourself a good group that would be organised and produce happily without it being forced by a wanker who pretended to be part of the military and fly jets and brag about it any time he could (Nuworld once again). It blows my mind he was allowed to come back after being removed from the group entirely.

Ever since, I was invited to Sui Generis to lead a group division only a few days ago. I have high hopes considering the leaders' standards.

Cooligan - August 12, 2019, 4:34 am

I've answered this question and I'll answer it again.

Favorite past group I was in was Infamous. ?

Lookin - August 12, 2019, 5:08 pm

Consensus was an excellent group that was filled with intellectual people who loved to share their knowledge about crypto currency and its benefits. A group that loved helping the community, and enjoyed helping do'ers, and want'ers.

I heard the leader was doing a great job until he decided to fuck himself over, after being forced into the wrong mindset.
