if you are giving out a vouch copy i would be interested.

my review will be based on somebody that has little to no previous knowledge of E-Whoring.

Mrcucubaux - February 4, 2019, 11:25 am

I would like a vouch copy if it is possible. I'll review your ebook.

xSniivy - February 6, 2019, 4:05 pm

Of course just message me on Skype.

There are a lot e-whoring method leaked, why is your better than the free ones?

xSniivy - February 6, 2019, 4:16 pm

Well main reason being is mine is up-to-date, a lot of the E-Whoring methods you now see are either like you said leaked, vague, and old. My method gets updated weekly, I always like introducing new ways to help out any of my buyers I as I want to see them reach success. I also offer free mentoring along with your purchase so I can help with any questions you may have but hopefully you shouldn't as the guide is pretty straight forward and is very clear on its instructions. This guide also isnt just a "how to" on 1 method, this E-Book will show you multiple methods so if one doesn't really fit your style then you can pick another one to do. This E-Book is very centered on social engineering and that is what it teaches you how to do, no excess programs, nothing of the sorts.
