Thread: [Read file with .xmzx format](#)

Pmyners - February 6, 2019, 1:47 am

Need help viewing an apparently encrypted file using the format .Xmzx

Grateful for any help.

Would consider bounty if successful.

Pmyners - February 8, 2019, 12:07 am

I cannot manage to PM because I do not have enough "quality posts" apparently and have not upgraded.

File is a json but when decrypted becomes xmzx

Pmyners - February 9, 2019, 9:56 am

Here is what I know

I use the program Exemplify from Examsoft. It says it downloaded a xmzx file but I could not find it, instead I found this json file which appears to be encrypted.

Upon some search, it seems that the .xmzx file is hidden in a .json file

I found this reddit thread which suggests that the file may be encrypted using base 64 encoding - they even claim that the decryption answer is wolverine:
reddit.com/r/hacking/comments/45ea3v/xmzx_files/

Grateful for any help

Would be willing to provide a bounty if successful

Pmyners - February 10, 2019, 10:50 am

Will gladly pay \$800 to whoever is successful
