Thread: [AnonymousNL stole 26 USD](#)

Arranged to buy 26USD of American Eagle codes from AnonymousNL (then DarkAnonymous) on Discord.

Set up a contract on HF (#22834)

Link: [hackforums\[dot net \]/contracts.php?action=view&cid=22834](#)

Sent them 26USD via PP FF. Blocked me claiming my PayPal was unverified. Contacted them via their PP email explaining I was in the process of verifying it, they said they would wait until my PP was verified before sending the codes.

Verified my PP weeks ago and sent them proof via email and discord. No reply from either, have been ignored by them on HF. Never received the codes or a refund.

EMAIL CORRESPONDANCE (after sending payment)

Good that youre contacting me, I thought you were going to either scam me or get my account blocked.

You should never deal without it being verified, not good for you and also not good for my account. I'll unblock you, and I'll hold steady until the CC has been approved.
