Thread: [Accidentally Posted a Dick Pic to a 27k Facebook Group](#)

Effexion - February 7, 2019, 3:42 am

Soooo, was browsing my Facebook in bed and saw a post about what pellets people were using. I needed a leak anyway and my pellets were in the bathroom so I got out of bed phone in hand and took a picture on my phone of the pellets on the window ledge and posted it to the air rifle enthusiasts group.

It was about 3 minutes later when I saw a ? reaction that I realised I had cock in shot.

Moral of the story: Being high and naked is dangerous.

Mr. Robot - February 7, 2019, 3:47 am

Just be like this is what you call a rifle lmao -

Or to really cover your ass, find another pic of a different cock and post that and be like what about this one.

Then they will simply assume it was a joke.

Oh man, once it's on the internetz its never gone.

inb4 someone comes blackmailin u

Deal - February 7, 2019, 3:52 am

It's important for the story to know if you have a big dick or a shrimp.

Like.. Does it look weird or is it decent? Remember everyone has a small curve on it, nothing wrong about that.

What I'm asking is, are you going to be bullied because of this, or did you just prove yourself as the alpha male?

tomlol23 - February 7, 2019, 3:54 am

Wtf XD

I'm trying to understand your story based on the title of your thread.

Anyway good work op

Thankfully the house was warm so it was in it's default "adequate" size.

A friend of mine told me some random guy posted a dic pic into his group so ye... he saw your wiener man.

Mercury - February 7, 2019, 4:21 am

I'm hoping the angle at least did you some justice. You gotta make the best of these situations.

Bacardi Cola Lime - February 7, 2019, 4:24 am

This made me laugh ? Accidents happen, don't worry.
Hopefully not many people saw it and you didn't get banned.

PerfectStorm - February 7, 2019, 4:27 am

It is way too early in the morning for these shenanigans.

Hilarious ?

Lol, probably happens daily across FB. Accidental ones have got to be better though.

I could have done with tweaking the lighting a little but meh, it was passable.

share the pic u accidentally posted op

bevc - February 7, 2019, 5:02 am

This is one of the reasons why I don't post pictures on facebook! (or take pics when I'm naked).

I shouldn't worry, as long as you took it down quickly, probably only a couple of people noticed.

accesslogs - February 7, 2019, 5:29 am

I just wanna say that I am still laughing.

It's only awkward if you care about people seeing you naked.
