Honestly not too bothered but he wanted a \$10 loan for \$25 back. Never got it back, over 2 months. Disputed and he says "only sent \$9".

If that's the case then send me the equivalent value back to the ratio.

$\$25 / \$10 = \$2.50$ per \$1 back.

I sent \$9 so $\$9 \times \$2.50 = \$22.5$

Cheers.

Sorry to see this happen to you.

Its surprising to see it from a 2014 member! hopefully he pays you back.

SORRIE - February 7, 2019, 9:19 pm

little bitch is trying to get out on a technicality

what kind of broke loser needs a \$10 loan

Borrowing money isn't even allowed on this forum or getting investments unless you need like \$3 from the small favors section.

gore - February 7, 2019, 9:33 pm

A loan for \$10... Jesus Christ, kid.

Thrift - February 7, 2019, 9:34 pm

Oh you silly goose, Mr. Robot.

Bitcoin4Life - February 9, 2019, 12:49 am

Honestly, 2.5X the money back is pretty fishy.

A small loan of \$10 lol. SOrry to hear this though OP. Good luck since you have no contract.

"Good luck since you have no contract."

There's a contract...

There's a contract...I thought it was a thread you linked. Sorry bud no need to be all hostile and all haha. I am the chilliest guy on the forums.

Eagle 95 - February 9, 2019, 1:32 am

Loans aren't even allowed... ?

I wasn't being hostile?

At the time I saw it more of as an exchange - it'd be like me messaging a user for an exchange of bitcoin to monero at a 2.5x rate. I pay them \$10, they hold it and exchange it then trade it back.

But you are right.

Bacardi Cola Lime - February 9, 2019, 2:52 am

I remember you doing this "deal" with this guy on-stream. He was like "oh thank you so much you'll get your money back, sure thing". Sad that he did that.

Truly - February 9, 2019, 7:41 am

I can't expect nothing less from people online lol

PerfectStorm - February 10, 2019, 2:06 am

His usertitle though

Does that make this an invalid dispute? How does it work when people use the contract system for things that aren't allowed? Just wondering how it goes?

Malikai - February 13, 2019, 3:39 am

His defense is that you only sent \$9 instead of \$10. I didn't see a TXID on thread but after looking it up you sent exactly \$ 9.86 plus whatever \$.14 cent fee so technically you did send \$10 but he paid for the transaction fee. When will he be paying you back?

Most likely never.

Mr.Magnificent - February 13, 2019, 4:04 am

He has scammed a couple of people, I also see him trying to sell other stuff. I think he is really desperate for money and trying to do an exit scam.

We should warn everyone not to deal with him until he pays pack everyone...

Goodluck with your report.
