Thread: [Warned?](#)

Hey,

Yesterday I made a giveaway for rep. So you enter repping me, 1 rep is 1 entry and 3 reps are 5 entry's.

A few hours later I got a PM that I violated the marketplace TOS and my thread is also gone..

What did I do wrong? Is it not allowed to ask for rep for giveaway?

Thanks,

I don't think opening a thread about it was necessary.

Why not it's a question?

You cannot giveaway non-free accounts for free. Read the section rules next time.

Thanks.
