[Proxy Checking]

[menu]

[speed]

<https://i.gyazo.com/2004e358684b8af7807251dda5953a16.mp4>

why chose locoproxy?: expert coding fast speeds updates custom sources built in and you can add more and it grabs killer proxies that are blazing fast on almost every site

why use junk probably banned proxies when you can use fresh fast and accurate proxies?

how to buy: [BUY HERE](#)

CrackIt™ - February 18, 2019, 2:15 pm

keep getting asked and yes almost all the proxies it scrapes are working and blazing fast

MaxiPads889 - February 18, 2019, 2:49 pm

So you enter 1; and it is scraping and checking those ?

Can we configure what it is checking against (im assuming you use Google)
