Not sure if that's going to work for you because if no reputable member has verified that it works
why would anyone buy?

bird - February 12, 2019, 12:46 pm

No ones going to buy this without a vouch being given out first.

My thoughts exactly. I would suggest giving out a vouch to drum up some business.

I'll take a vouch copy, and will leave a detailed review on this for you

Then choose a reputable member to vouch it, not a random. perhaps a mod or staff

I was going to buy but you're a new member and asking for \$450. If you're willing to give a vouch to a trusted member i will buy if they verify it works

You sold a few copies? Why don't you have them post here and tell us

I can take an account as a vouch copy, if it works, I'll buy your method.
