Saw someone selling method to get AMC tickets and didn't know that everyone didn't know about this. Very public method so I am posting for free here.

1 AMC Ticket (Black Ticket good for ANY movie)
1 Large Popcorn
1 Large Drink

Purchase coke rewards on eBay or if you want them for free simply go to eBay listing look at pics and take the codes off the caps you see in pic (I have got a few tickets this way)

Please comment if you found this useful :)

It would help if you read my entire post.

I think this method is great and all, but I still wouldn't go through the work to purchase them. So you deserve the \$ coming your way for selling. I have actually just started a contract.

Well the promo ended a long time ago, so you can't do it yourself even if you wanted to.
