Thread: [Looking for sellers who can sell PSN codes in local country.](#)

McRoyal - February 16, 2019, 2:42 am

I'm looking for many sellers who can sell PSN codes USA region at good rate +80% only.

I can get large PSN stock daily and your profit will be % from each sale you make and paid in BTC.

The sellers must sell the codes and pay me in BTC or ETH only.

I will be getting large stock so you will make a lot of money if you can sell codes daily.

PM me for more information.

Hi,

Codes working without problem?

I dont want to give a code and customer asking for a new one as it has expired or not working.

Had this problem in the past and dont want to deal with it again in any way.

Thanks
