Thread: [Any English Speakers Learning Russian?](#)

Crypt - February 18, 2019, 5:39 pm

My first language is English and I've been learning Russian for a couple of months. It's quite a difficult language to learn.

Is anyone else learning Russian or any other language?

I haven't been learning russian, but I know a lot of it to be honest

I actually don't want my bytes. I have a thread in the currency exchange selling them for dirt cheap.

As my daddy, I'll give you a sexy price for you to resell.
